INVESTIGATION:

On 09 September 2015, the R/d was assigned to assist with the distribution of department generated flyers regarding this investigation and interview any subjects who reported pertinent information.

The R/d reported to the Garfield Park Fieldhouse and along with Sgt. Chris MANIATES, Star #2631 distributed the flyers to civilian C.A.P.S. volunteers and Chicago Police Probationary Police Officers with instructions to distribute them to the public and request assistance with this investigation. Sgt. MANIATES assigned the volunteers and P.P.O's in pairs to specific street corners.

At approximately 1215 hours the R/d was notified by P.P.O's A. ORTIZ, Star #17347 and N. ORTIZ, Star #13128 assigned to Lake and Kedzie of a subject at their location who wished to speak to a detective. The R/d responded to that location and interviewed a subject with the P.P.O's who identified himself as [REDACTED] of [REDACTED]. [REDACTED] did not wish to give further personal identifiers but the R/d noted him to be a male, black subject approximately 50 years of age.

[REDACTED] reported that he had no personal knowledge of this investigation but did state that he had seen a televised news report on WGN approximately two to three weeks prior regarding a missing African American child from Gary, Indiana. [REDACTED] did not recall further details about the news report but wanted to bring it to CPD attention so that it could be researched through WGN if deemed necessary.

No further information was obtained to aid in this investigation during this specific assignment.

INVESTIGATION:

This report is to be read in conjunction with all other reports created under Record Division Number HY-411806. This report is a summarization of all reported information. All interviews are a summarization and not to be considered verbatim.

In continuation of this investigation, the undersigned were assigned to relieve Area North 2nd Watch personnel at the Douglas Park Lagoon. The undersigned responded to that location and conducted a face to face relief.

A short time after arriving at the location, Beat 1188 informed the undersigned that an individual had arrived on scene and stated that he had information possibly related to the discovery of the human remains in the lagoon.

The undersigned then were directed to the individual, now known as ██████████. An interview was conducted with the following information provided by ██████████. He stated that on Wednesday 02

Sept 2015 at approximately 0330hrs, he had been riding his bicycle home, past the park. He stated that he was going south from Lake Street at central Park. He observed a small newer white SUV, possibly a 2015, but was unsure of the make or model. He indicated that he had seen the white SUV parked, near the location where the Command Van was currently located by the lagoon. He stated that he then saw a Male, wearing all black clothing and white latex gloves, exit the bushes near the lagoon. He stated that he thought the male was in his 50's, approximately 6 feet tall and thin. He stated that he was unable to tell if the male was Caucasian or African American. [REDACTED] stated that he watched the individual walk back to the SUV, enter and sit at the location for several minutes. [REDACTED] stated that he then rode away.

[REDACTED] stated that the gates to the park had been closed, and that the lights had been on in the park. He stated that even with the lights on he was unable to ascertain the race of the male he was observing. He stated that he was unable to obtain any further information on the vehicle. He further stated that he would not be able to make any identification. He stated that he just thought he should inform the authorities of what he had seen.

The undersigned provided [REDACTED] with all contact information in the event that he was able to recall any further details. The interview was then concluded.

The undersigned then contacted Area One and informed their immediate supervisor of this interview.

INVESTIGATION:

The Reporting Detectives were assigned the below death investigation by Sgt. Cirone #1808 of this command. Sgt. Cirone related that an apparent foot had been located in the Garfield Park lagoon at approximately 231 N. Hamlin Boulevard. The Reporting Detectives immediately relocated to the scene and spoke with the assigned patrol car, Beat 1105 Officer's Boyle #5525 and Reimer #6799. The below is a summary of the interview and should not be taken verbatim.

Officer Boyle:

Officer Boyle related that on the afternoon of 05-Sep-2015, she was assigned to the 011th District Park Car, Beat 1105 in full uniform, and working with her partner Officer Reimer #6799. At approximately 1640 hours, Officer Boyle related they responded to a call of a possible foot found floating in the Garfield Park lagoon. Upon accepting the assignment, Officer Boyle related they immediately began to relocate to the park during which time they were "flagged down" by a male black, later identified as [REDACTED]. Officer Boyle related that [REDACTED] was standing on the corner of Maypole and Hamlin while in the presence of 2-3 other unknown female blacks. Officer Boyle related that they stopped and [REDACTED] informed the Officers that he [REDACTED] had been urinating along the west bank of the lagoon at which time he [REDACTED] observed what appeared to be the foot of a small child floating in water. [REDACTED] explained he could not decipher if the foot was from a human or a doll so he picked up a stick and moved the foot closer to the shoreline at which point [REDACTED] believed the foot to be human. [REDACTED] then called an unknown person over to his location to also view the separated appendage following which [REDACTED] requested this unknown person to call 911.

After 911 was notified, [REDACTED] related he began to leave the park with his friends when he observed Officers Boyle and Reimer driving towards the park at which time he [REDACTED] flagged the passing Officers down.

Officer Boyle explained that after speaking with [REDACTED] they continued to the lagoon at which point Officer Boyle observed a small gathering of unknown citizens standing by the lagoon along its west shoreline. Officer Boyle exited their parked vehicle and approached the group at which point she observed an apparent human foot floating in the lagoon. Officer Boyle related she advised Zone 10 that the discovery may be authentic and requested CFD and the Marine Unit to respond to her location, 231 N. Hamlin Ave. CFD Truck 26 and Engine 95 responded to the lagoon.

The Reporting Detectives then spoke with [REDACTED] on scene at which time [REDACTED] related a similar occurrence as documented in summary above.

The Reporting Detectives then made the following observations relative to the scene. The lagoon area of Garfield Park is a 185-acre park owned and operated by the Chicago Park District. The park contains two large buildings, the Garfield Park Conservatory which is located to the north of the lagoons (300 N. Central Park Avenue) and the Garfield Park Field house located at 100 N. Central Park Avenue. To the immediate west of the Field house is a large public pool surrounded by a 10

foot height black metal fence. Adjacent to the north side of the Field house is a concrete parking lot, assessable from Central Park Avenue just to the south of the bridge. Within this parking lot, along the east bank of the lagoon is a small plastic boat launch leading into the water. It should be noted the boat launch appeared to be inoperable as several parts of the heavy gauge plastic were missing.

The area of the park that contains the two lagoons and the Garfield Park Field house is boarded to the north by Lake Street (260 North) Homan Avenue to the east (3400 West), Madison Avenue (0000 North/South-Base Line) to its south and Hamlin Avenue (3800 West) to the west. The two lagoons are similar in size with one located to the west of Central Park Avenue and the second body of water located to the east of Central Park. Both lagoons are connected by a channel which flows under a bridge that provides a means for vehicular and pedestrian traffic to cross the water along Central Park Avenue. A metal meshing was observed affixed to the underside of the bridge and submerged into the water with miscellaneous garbage collected in the area where the fence encounters the water's surface. It should be noted that Director of Facility Management for the Chicago Park District Bob Arlow subsequently verified that the aforementioned meshing under the bridge is attached to the east outlet of the Central Park Bridge and its function is to stop debris flowing from one lagoon to the other. Arlow believed the fence only breached the lagoons surface by approximately 1-2 feet as both bodies of water contained marine life.

The following observations are relative to the west lagoon where the above listed evidentiary items were recovered. A two way inner drive exchange is noted around the west lagoon with Schrader Drive to the north of the lagoon providing vehicular access to the park from Hamlin to Central Park Avenue. Mc Crea Drive is also an inner drive along the west side of the lagoon, also connected to Hamlin by a short driveway. Mc Crea dead ends in the area of the southwest corner of the lagoon, where a cul-de-sac re-directs traffic back northbound. Washington Boulevard spans the length of the park along the southern portion of the lagoon, intersecting with Hamlin and Central Park Avenue. Vehicular parking is permitted along all inner drives during the park hours (0600-2300 hours).

Surrounding the lagoon is a prairie style shoreline with areas of tall grass both on land and in the water. Areas of dense foliage mature trees and bushes are also growing along the shoreline. Along the north side of the shore, located at approximately 3701 W. Schrader Drive is a rectangular shaped concrete water inlet approximately four feet wide by three and a half feet in length. This inlet is approximately 20-30 yards south of the curb of Schrader Drive. The inlet is embedded in the shoreline with an open 3-4 inch pipe along the lagoon side, emitting clear water into the cove. The water appears to current to the west of the inlet along the northern edge of the lagoon. Approximately 5-10 feet to the north of the inlet are two "buffalo boxes". It should be noted that on 06-Sep-2015 at approximately 1330 hours, employees from the City of Chicago Water Department turned the water flow off by shutting the valve of the northern most "buffalo box" following which the water remained off until the lagoon was later cleared of any additional items of evidentiary value. It should be noted that Bob Arlow, the Director of Facility Management for the Chicago Park District, informed the Reporting Detectives that the fresh supply of water is seasonal and the City of Chicago Water Department would monitor the lagoon and adjust the water flow based on the current water levels.

The lagoon consists of numerous coves or inlets where the water flowed into an inward curve and eventually met the shoreline. At the furthestmost western point of the lagoon, the Reporting Detectives observed what appeared to be a human foot floating amongst the vegetation of the water. It should be noted that this foot was later determined to be a human appendage. The foot was within five (5) feet from the shoreline floating on the water's surface. The foot was pale in color

and appeared to be separated from the leg just above the ankle bone. The middle (3rd), ring (4th) and little toe (5th) were floating above the water surface with the remainder of the foot visible through the surface water. It should be noted that yellow crime scene tape was secured to several trees surrounding this immediate area, restricting access to the area of recovery.

The Chicago Police Marine Unit was notified and responded to the lagoon, a complete list of personnel on scene for the third watch of 05-Sep-2015 is listed above in the formatted portion of the Scene. On 05-Sep-2015 at approximately 1745 hours, Beat 5832 Evidence Technician Suen #11192 responded to the lagoon and photographed both overall and close-up digital pictures of the foot in the water as well as the overall surrounding area. At approximately 1830 hours, Medical Examiner Investigator Rodish #77 responded to the lagoon and was briefed on the investigation. At approximately 1840 hours, Chicago Police Marine Unit Loughney #5122, Beat M9, entered the water and recovered the foot following which Officer Loughney relocated it to the shoreline for additional photographs. The foot was determined to be a left foot and had a portion of the ankle bone protruding from the top of the severed skin. There were several areas of discoloration noted on all sides of the appendage. The foot contained all five toes and their particular nails. The foot was then placed into a brown paper bag by Evidence Technician Suen and subsequently secured inside a plastic body bag. At approximately 1919 hours, Allied Services arrived on scene and transported the foot to the Medical Examiner's Office.

Following the recovery of the left foot, Marine Officer Loughney began a further search of the lagoon. While tethered to one end of a rope which was being held by a stationary Marine Officer on land, Officer Loughney began an "arch search" of the water by walking back and forth. Officer Loughney began searching for additional items of evidentiary value both visually and physically by "sweeping" his feet back and forth upon the lagoon floor. Upon completing an arch pattern which was determined by the length of rope allotted by the stationary Officer, an additional foot of rope was provided and Officer Loughney would clear the adjacent portion of the lagoon.

At approximately 1930 hours, Chicago Police Light Truck, Beat 49L Officer's Birmingham #9486 and Gadonski #9142 responded to the lagoon and directed several lights in the direction of the search.

Upon completing a preliminary search of the west cove of the lagoon, additional Marine Officers entered the water and shifted towards the northern edge of the shoreline. On 05-Sep-2015 at approximately 2100 hours, Marine Officer Laskowski and Loughney located a severed right foot and a right and left hand floating in the water along the edge of an area of aquatic grass. This vicinity of the recovery is approximately 75-100 yards to the east of the original recovery of the left foot and had an approximate address of 3701 W. Schrader Drive. The additional foot and two hands were floating approximately 40-45 feet to the west of the aforementioned concrete water inlet. It should be noted that the movement of the additional foot and two hands was hindered by the aquatic grass located in that area. All three additional body parts were located within 5-10 feet of one another and approximately 8-10 feet from the shoreline.

Due to the water location of the recovery, Evidence Technician Suen provided Marine Officer Laskowski with his digital camera at which time Officer Laskowski took pictures of the appendages in the area of recovery. At approximately 2115 hours, the foot and two hands were recovered by Marine Officer Loughney and relocated to land where they were again photographed. A further inspection of the hands and foot revealed the foot to be from a right leg and appeared similar in size and color as the previously recovered left foot. The right foot was also cut in a same area as the left, just above the ankle joint and also had all five toes and their corresponding toe nails.

The two hands were a right and left appendages. The left hand appeared to be cut above the left wrist with a portion of an apparent bone visible from the incised area above the wrist joint. The right hand appeared to be cut on an angle from behind the knuckles on the top side of the hand (metacarpus region) towards the heel of the palm on the underside of the hand. Both hands were pale in color and appeared to be proportioned in size to one another.

After being photographed, Evidence Technician Suen then placed each appendage into a brown paper bag and secured in another body bag.

Marine Officers continued to conduct a search the same general area of the lagoon where the subsequent recovery of the hand and two feet (3701 W. Schrader Drive) had occurred. While walking a short distance to the east, Officer Loughney felt an object on the floor of the lagoon with his foot. Officer Loughney then bent down and lifted up a circular object to the surface of the water revealing a barbell weight, silver in color. This weight appeared to have a clear plastic bag threaded through its center barbell hole and then knotted several times, securing the bag to the weight. Evidence Technician Suen photographed the weight being held by Officer Loughney while he (Loughney) was standing in the approximate area of the lagoon where he initially felt the object on the floor of the cove. After being photographed, Officer Loughney relocated the weight to the shoreline and placed the item in a separate plastic body bag. While the weight and plastic bag were lying flat in the body bag, the Reporting Detectives were able to better observe the items.

The weight was circular in shape and between 1 and 2 inches thick. The silver plastic coating was cracked and separating in certain areas from its concrete inner. Embossed along the outermost ring of the weight was the brand name Challenger with an overall weight of 14.3 lbs or 6.5 kilos. The model of the weight, Orbatron, was imprinted below the brand name Challenger. Located in the center of the weight was a hole used for the insertion of a bar. Directly below this hole was the inscription DP in capital letters and underlined on two occasions. A clear plastic bag was threaded through this hole and knotted on more than one occasion, securing the bag to the weight. The remainder of the plastic bag not strung through the middle of the weight or tied in knots appeared empty and torn open. Allied Services responded to the scene and transported the body parts and the weight to the Medical Examiner's Office.

At approximately 2120 hours, Beat 4708 K-9 Officer Poremba #4323 arrived on scene with her cadaver dog and began a search of the shoreline for additional items of evidentiary value. The Reporting Detectives were informed that "Brix," Officer Poremba's cadaver dog, was trained in detecting decaying matter or human remains whether present or absent from the scene. Officer Poremba informed the Reporting Detectives that upon smelling human remains, Brix would make a positive indicator by sitting and barking. It should be noted that on 05-Sep-2015, Brix made two "positive indications" during her search of the lagoon shoreline. Brix indicated in the area of the western shoreline where the left foot was originally observed and subsequently recovered. Brix also made a "positive indicator" in the area 120-130 feet to the west of the concrete water inlet (3701 W. Schrader).

At approximately 2300 hours, the park was closed and secured. Police Officers were posted on all four sides of the park as well as at both entrances along Hamlin and Central Park. It should be noted that the park remained closed to the public until the processing of the scene for further evidence relevant to the investigation had completed.

On 06-Sep-2015, Detective Kennedy responded to the Medical Examiners Office, 2121 W.

Harrison Street for the post mortem examination of the two hands and feet recovered on 05-Sep-2015. Dr. Escobar performed an examination on the remains of the body parts and deferred the cause and manner of death "Pending Further Studies and Police Investigation". Dr. Escobar related to Detective Kennedy that age, sex and race of the remains could not be determined at this time as further archeological and DNA studies would be required. Dr. Escobar made an estimation based off of the overall weight and development of the hands and feet to be from a child between the ages of 1-4 years old. Tissue samples were extracted from each appendage and the weight and clear plastic bag was also photographed.

On 06-Sep-2015 at 0800 hours, Sergeant Cirone and Detective Nanninga met the 2nd watch Marine Unit assisting at the lagoon following which the search for additional evidence resumed. K-9 Officer Poremba #4323 and K-9 Sergeant Andrews arrived on scene with their cadaver dogs "Brix" and "Silo". Officer Poremba related that every 15-20 minutes the two dogs would rotate roles as a primary "search dog" allowing one to rest while the other continues the search. Officer Poremba began the search of the shoreline in the area of 3701 W. Schrader and then worked in a counter clock wise around the lagoon searching for any additional items of evidentiary value.

The second watch Marine Unit Officers also began their search of the shore line by walking several Officers "shoulder to shoulder" while searching the floor and surface of the lagoon. At approximately 1300 hours, the 2nd watch Marine Officers terminated their search and deferred the continuance to third watch personnel. At approximately 1500 hours, 3rd watch Marine Unit Officers arrived on scene and resumed the search.

On 06-Sep-2015 at approximately 1747 hours, Marine Officer Belluomini #10021 felt an object on the floor of the lagoon. The Reporting Detectives estimated that at that time of this discovery, Officer Belluomini was approximately 120-130 feet to the west of 3701 W. Schrader and standing 8-10 feet from the shoreline. Officer Belluomini related that while standing in water 2-3 feet in depth and sweeping his feet along the floor of the lagoon, he felt an object that warranted further investigation. Officer Belluomini bent down and lifted the unknown object above the water surface at which time Officer Belluomini observed that he was holding the side of a silver barbell weight, circular in shape. Officer Belluomini also noticed a plastic bag knotted to the weight which contained what appeared to be a human head. Officer Belluomini remained in the approximate area where he initially felt the object on the lagoon floor while holding the weights and head at which time Evidence Technician Kawasaki photographed the items still partially submerged in the water.

Officer Belluomini then relocated the items to the shoreline where they were placed in a body bag and again photographed (CSM #5). At approximately 1808 hours, the Medical Examiner's Office was notified of the additional discovery. At approximately 1830 hours, M.E. Investigator Larry Santora #75 arrives on scene and was briefed on the investigation.

The Reporting Detectives then better observed the recovered items and noticed what appeared to be the head of a small child inside a clear plastic bag. Said bag also contained a small silver circular barbell weight similar in color to the additional weight recovered on 05-Sep-2015. The plastic bag containing the head and weight was then knotted to a larger barbell weight which also appeared similar to the weight previously recovered.

Medical Examiner Lawrence Santoro #75 assigned a second ME # of 2015-03854 for the head and photographed the head, plastic bag(s) and two weights. Allied was notified and arrived at the lagoon at 1917 hours following which Allied removed the head to the Medical Examiner's Office for a post

mortem exam on 07-Sep-2015.

At approximately 2200 hours, the continuing search of the lagoon was postponed until the daylight hours of 07-Sep-2015 and the park remained secured throughout the night.

On 07-Sep-2015, Detective Kennedy attended the autopsy examination of the head at the Medical Examiner's Office at which time Dr. Arunkumar performed an autopsy on the unknown head and deferred the cause and manner of death "Pending Further Studies and Police Investigation". Dr. Arunkumar delayed determining the sex, race and age of the head until the results of additional studies had been performed.

The Reporting Detective then made the following observations relative to the evidence. The head appeared to be separated just below the jaw line or at the top of the neck. The mouth cavity contained several teeth, most in different stages of development on the upper and lower jaw bone. Present in the clear plastic bag along with the head were several ounces of a discolored fluid and a silver weight. The weight inside of the plastic bag was a 4.4 pound (2 kilos) circular barbell weight which appearing similar in make and model as the weight recovered on 05-Sep-2015. The weight had a silver plastic coating surrounding its concrete inner plate. Embossed on an internal ring above the barbell hole of the weight was "Orbatron". Below the center hole was the inscription Sears Roebuck and Co. Numerous black hair follicle's and tissue samples were collected from the head.

A length of plastic extended from the bag that contained the head and 4.4 pound weight to a 14.3 pound weight. This length of plastic was looped through the center hole of 14.3 pound weight and then knotted several times. It should be noted that this weight matched the weight recovered on 05-Sep-2015. The weight was circular in shape and between 1 and 2 inches thick. The silver plastic coating was cracked and separating in certain areas from its concrete inner. Embossed along the outermost ring of the weight was the brand name Challenger with an overall weight of 14.3 lbs inscribed on one side and 6.5 kilos on the other. The model of the weight, Orbatron, was imprinted below the brand name Challenger. Located in the center of the weight was a hole used for the insertion of a metal bar. Directly below this hole is the inscription DP in capital letters and underlined twice.

On 07-Sep-2015 at approximately 0800 hours, Det. Nanninga and Sgt. Cirone responded to the Garfield Park Lagoon where the search resumed for additional evidence. It should be noted that at the conclusion of the search at approximately 2200 hours that evening, no additional body parts were located. Numerous additional items were discovered but at the time of recovery it was not known if these items were relevant to the investigation. As a result of this an additional RD number was created to categorize these found items and said items will be addressed in an additional Supplementary Report (RD# HY-412747).

The Reporting Detectives did not observe any video cameras on the park property. Investigation:

On 18-Sep-2015 at 0925 hours, Rockford Detective Amy Kennedy #810 contacted Area North and spoke with Sergeant Mitchell. Sergeant Mitchell was informed the Rockford Police Department was investigating a report of a missing two year old, Kyrian Knox, who was last seen sometime in late August 2015. The Community Alert composite sketch that had been generated in this investigation resembled their missing person. Sergeant Mitchell contacted Reporting Detectives who subsequently responded to Rockford. Reporting Detectives met with Detective Kennedy and Sergeant Stevens along with the assigned Detectives at the Rockford Public Safety Building. Reporting Detectives were briefed on the circumstances regarding the investigation of their missing person.

Reporting Detectives were informed that on 17-Sep-2015 at 1730 hours, Rockford Police Officers Erdal Kaya and Joshua Carpenter were dispatched to [REDACTED] Rockford, Illinois in reference to a two year old missing child. The officers spoke with the caller, Kamel Harris, who informed the officers of the following in summary. A detailed account of the interview and actions taken by Rockford Officer Carpenter is contained in a report generated under #15-118005.1. A detailed account of the interviews and actions taken by Rockford Officer Kaya is contained in a report generated under #15-118005.2.

Kamel Harris:

Kamel related that he resides in apartment [REDACTED] with his girlfriend, [REDACTED]
[REDACTED]

[REDACTED] Kamel related that sometime in early August 2015, [REDACTED] asked him to babysit the two children for a two week period. Kamel related that he agreed to care for the children who were subsequently dropped off at his residence in Rockford by their mothers.

Kamel related that sometime in late August, possibly on 28-Aug-2015 at about 1530 hours he encountered a male and female as he returned home from the park. The male and female had been occupants in a maroon or burgundy SUV that was parked in the parking lot of his residence. Kamel related that the SUV had tinted windows and was possibly a Chevrolet Trailblazer. Kamel related that the male and female referred to each other as [REDACTED] and [REDACTED]. Kamel described [REDACTED] as a male black, approximately 28 years old, 6'00, 200 lbs, short black hair, clean shaven, "Gansta" tattoo on front of neck, attired in a black "Adidas" polo shirt and blue jeans. Kamel described [REDACTED] as a female black, about 21 years old, 5'06, large build, with an image of lips sucking a cherry on left breast. Kamel stated [REDACTED] called Kyrian by his name and that he believed Kyrian knew [REDACTED] because Kyrian ran towards him. [REDACTED] passed a phone to him at which time he spoke with a female on the phone who addressed him as Mr. Harris. Kamel related that he believed that he was speaking on the phone with Kyrian's mother. Kamel related that the female gave him permission to let Kyrian leave with [REDACTED] and [REDACTED]. Kamel related that he entered his apartment and retrieved a bag containing Kyrian's belongings and exited the apartment building and gave the bag to [REDACTED]. [REDACTED] proceeded to give Kamel \$115.00 USC prior to driving away with Kyrian.

Kamel related that on 17-Sep-2015, at approximately 1700 hours he received a phone call from [REDACTED]. [REDACTED] informed him that she planned on traveling to Rockford with [REDACTED] to pick up their sons the following day. Kamel informed [REDACTED] that Kyrian had been picked up two weeks earlier by people he believed to be associated with [REDACTED]. Kamel related that [REDACTED] informed him that [REDACTED] did not send anyone to pick up Kyrian at which time Kamel called 911 to report Kyrian Knox as a missing person.

Kamel proceeded to relate the following circumstances relative to Kyrian's welfare during his visit. Kamel provided an account of an incident in which Kyrian was injured while in his care after Kyrian fell down the stairs. Kamel related that Kyrian sustained a bruise on his left forehead which did not require medical attention. Kamel related that [REDACTED] had informed him that Kyrian was allergic to milk. Kamel recalled an incident in which Kyrian had spilled milk on his face and mouth and he (Kyrian) did not appear to have an allergic reaction. Kamel expressed frustration about the fact that [REDACTED] had not checked on her son, did not provide him with Kyrian's birth certificate or give him instructions to care for the child.

Kamel provided Officer Carpenter with [REDACTED] cellular phone number. Officer Carpenter proceeded to call [REDACTED] phone and spoke briefly with [REDACTED] who passed the phone to [REDACTED]. [REDACTED] related that she did not know anyone by the name of [REDACTED] or [REDACTED] nor did she know anyone who drove a maroon colored Chevrolet Trailblazer. [REDACTED] related that she believed that Kyrian was still in Rockford with Kamel and [REDACTED] and that she had not authorized anyone to pick Kyrian up. [REDACTED] denied having any information relative to Kyrian's whereabouts. [REDACTED] informed Officer Carpenter that she was immediately leaving Cedar Rapids and traveling to Rockford.

Sergeant Mary Ogden #2987 arrived on the scene and was informed of the circumstances of the investigation. Sergeant Ogden learned from [REDACTED] that [REDACTED] also had a twenty year old son, [REDACTED], who resides in the apartment. [REDACTED] had also informed Sergeant Ogden that [REDACTED] and [REDACTED] were currently out running errands.

Officer Carpenter proceeded to interview [REDACTED] at his residence. The following is a summary of the interview. A detailed account of the interview of [REDACTED] taken by

Officer Carpenter conducted a canvass of the apartment building located at ██████████. The canvass did not provide any leads in Rockford's missing person or this investigation. A complete account of the canvass is contained in a report generated by Rockford Officer Carpenter, documented under #15-118005.1.

On 17-Sep-2015 at approximately 2100 hours, Rockford Detectives Solis and Paterson arrived at ██████████ and spoke with the officers on scene. After the Detectives were briefed on the circumstances of the investigation, the Detectives requested that Kamel Harris and ██████████ relocate to the Rockford Public Safety Building to assist in the furtherance of their missing person investigation. Harris and ██████████ both agreed to cooperate at which time Officer Kaya transported Kamel and Officer Carpenter transported ██████████. ██████████ left ██████████ and ██████████ in the care of ██████████.

██████████ and ██████████ arrived at the Rockford Public Safety Building. On 17-Sep-2015 at approximately 2147 hours Detectives Paterson and Solis interviewed ██████████. ██████████ related the following in summary. ██████████ related that she and ██████████ dropped Kyrian and ██████████ off at Kamel's residence in Rockford between the 16th and the 18th of August, 2015. ██████████ related that Kamel's girlfriend, ██████████, also resided in the apartment. ██████████ related that her phone service had been turned off at that time and that she relied on ██████████ for all communications with Kamel and ██████████. ██████████ explained that she would sit next to ██████████ who had her phone on speaker when ██████████ called Kamel and ██████████ in regards to Kyrian and ██████████.

██████████ related that in the past two weeks, ██████████ had informed her that she ██████████ was unable to call Kamel directly because Kamel had allegedly damaged his phone. ██████████ further related that she had made numerous attempts to contact ██████████ but ██████████ did not answer. ██████████ had informed ██████████ that when she sent text messages to ██████████ she ██████████ would respond that she was not with Kamel at the time and that she would have Kamel contact her at a later time. ██████████ related that to her knowledge Kamel did not return any of the calls or text messages that ██████████ had transmitted through ██████████.

By the middle of July, ██████████ explained she moved Kyrian from Georgia to Marian, Iowa and temporarily lived with ██████████. ██████████ explained she was able to find employment with ██████████ at which time ██████████ and ██████████ decided to move to Cedar Rapids to find a larger apartment for all four of them. Once in Cedar Rapids, ██████████ was scheduled to start her training on 24-Aug-2015 but she did not have child care for Kyrian. As a result of this, ██████████ suggested they both drop their sons off with ██████████ father, Kamel Harris who lived in Rockford, Illinois with his girlfriend ██████████. ██████████ explained to ██████████ that Kamel had cared for her son for several weeks prior to ██████████ moving to Iowa. ██████████ agreed to this arrangement as it would allow ██████████ and herself time to secure proper housing as well as complete her job training and not worry about child care.

On or about 18-Aug-2015, ██████████ related they drove Kyrian and ██████████ to Rockford, Illinois while driving in ██████████ vehicle. ██████████ related that they arrived at the apartment at approximately 1900 hours at which time they entered Kamel Harris' second floor apartment located at ██████████ in Rockford, Illinois. ██████████ related that this was the first time she met Kamel Harris and his girlfriend, ██████████. ██████████ related that Kamel lived with ██████████ and three boys, the youngest around the same age as ██████████ and Kyrian. ██████████ related that they stayed in the apartment for a brief period of time at which time they left the apartment with Kamel to go to the store to purchase almond milk for Kyrian and donuts for ██████████. ██████████ related they (██████████) each gave Kamel \$30.00 (\$60.00 total) for any incidentals as well as a bag containing Kyrian's clothing. ██████████ told her father that they would be back to pick up Kyrian and ██████████ in two weeks.

██████████ related that they left Rockford at approximately 2200 hours and traveled to Chicago. ██████████ related that they stayed in Chicago for approximately one and a half days at which time they traveled back to Rockford. ██████████ related that they arrived in Rockford at approximately 1600 hours and then they proceeded to drive Kamel to the Bio-Center in Beloit Wisconsin. ██████████ related that she believed that this occurred on 20-Aug-2015 and she recalled ██████████ gave Kamel ██████████ birth certificate and Social Security card. ██████████ related that Kamel wanted the documents so he could obtain WIC for ██████████. After Kamel donated blood, they drove Kamel back to his apartment and they continued back to Iowa. ██████████ explained that they did not visit with the boys

because [REDACTED] and [REDACTED] both agreed that it would upset the boys when it was time for them to leave.

[REDACTED] related that they would call Kamel almost daily and occasionally every other day. [REDACTED] related that she and [REDACTED] would inquire as to how the boys were doing, frequently hearing the boys playing together in the background. At or around this same time frame, [REDACTED] related that her cellular phone had been shut off so they would use [REDACTED] phone to contact Kamel. [REDACTED] related that if they did not initially reach Kamel, they would then call [REDACTED] cellular number.

During the first week of September 2015, Kamel became increasingly more difficult to reach in that he would not answer his cellular phone nor would [REDACTED]. [REDACTED] explained that Kamel claimed his phone was inoperable as a result of one of the children breaking it. [REDACTED] explained that they attempted to reach Kamel by primarily calling [REDACTED] phone but she ([REDACTED]) also became difficult to reach.

On the morning of the 6th or 7th of September 2015, [REDACTED] reached [REDACTED] and spoke with Kamel at which time she informed him (Kamel) that they ([REDACTED]) were going to come and retrieve the boys on the weekend of the 12th or the 19th of September. [REDACTED] explained that [REDACTED] had her phone on speaker and things sounded normal but the call was short as it appeared that Kamel had suddenly terminated or "dropped" the call. [REDACTED] related that following that phone conversation both [REDACTED] and Kamel stopped answering their calls. [REDACTED] explained that she became increasingly impatient and wanted to get the boys earlier but [REDACTED] did not. [REDACTED] explained that [REDACTED] was the only one with a vehicle so she ([REDACTED]) was forced to wait until [REDACTED] was ready to drive to Rockford.

On the morning of 17-Sep-2015, [REDACTED] obtained [REDACTED] cellular phone number from [REDACTED]. [REDACTED] related that after [REDACTED] did not answer her phone call, she sent a text message requesting to speak with Kyrian. [REDACTED] responded to the message inferring that she was confused and that she would have Kamel contact her.

Later that same day (17-Sep-2015), [REDACTED] related that [REDACTED] had approached her and passed her cellular phone to her. [REDACTED] spoke to the male subject on the phone who identified himself as a Rockford Police Officer. The officer inquired if she ([REDACTED]) knew the whereabouts of her son Kyrian. [REDACTED] responded that Kyrian was with Kamel Harris in Rockford following which she learned that the Rockford Officer was with Kamel and he (Kamel) was reporting Kyrian as a missing person.

[REDACTED] related that after she spoke with the officer, [REDACTED] informed her that she had spoken with her father who had related that he did not have Kyrian anymore as he (Kamel) had given Kyrian to [REDACTED] family members sometime in the last week of August. [REDACTED] explained that she became hysterical and started crying uncontrollably. [REDACTED] explained that at this time, [REDACTED] temporarily left their apartment and made additional phone calls while outside. [REDACTED] related that she ([REDACTED]) spoke with [REDACTED] briefly on the phone and he denied having any information regarding the whereabouts of Kyrian. [REDACTED] related that [REDACTED] and her then immediately drove to the Rockford Police Department and met with the Detectives handling the case at which time she was apprised of the investigation.

The Reporting Detectives were informed by Rockford Detective Amy Kennedy that [REDACTED] had signed a Consent to Search for her ([REDACTED]) cellular phone.

At approximately 1911 hours while in the presence of Detective Nanninga, Detective Kennedy read [REDACTED] the Chicago Police Department Consent to Collect Biological Matter form following which [REDACTED] signed to document providing consent. At approximately 1915 hours, Detective Kennedy collected two buccal swabs from Lanisha following which both swabs were transported back to Chicago where they were subsequently inventoried and hand carried to the Forensics Desk. On 21-Sep-2015, the Reporting Detectives checked out the same buccal swabs and sent the items via FedEx to the Forensic DNA Analysis Department of the FBI in Quantico, Virginia (2501 Investigation Parkway).

The Reporting Detectives then interviewed [REDACTED] at the Rockford Public Safety Building. The following is a summary of the interview.

[REDACTED] related she grew up in Chicago and attended Pritzker High School where she met [REDACTED]. [REDACTED] related she considers [REDACTED] her best friend and they remained close after graduating. [REDACTED] explained that her father Kamel Harris was never a presence in her life and related she was primarily raised by her mother. [REDACTED] explained that recently, Kamel had re-contacted her via Facebook and they began to speak more frequently.

[REDACTED] related that recently she was having difficulty finding work and was also searching for a new apartment. [REDACTED] explained that she was also having "domestic" problems with her boyfriend which required her to appear in court. As a result of this, [REDACTED] related that she asked her father Kamel Harris, if he (Kamel) could look after [REDACTED] while she located a new apartment and full time employment. [REDACTED] recalled dropping [REDACTED] off with her father at his apartment in Rockford where he (Kamel) lived with his girlfriend [REDACTED] and her three sons. [REDACTED] explained she left [REDACTED] in Rockford in the middle of June, returning to pick him up sometime between the 7th and 10th of August. [REDACTED] explained that when she picked up [REDACTED] she immediately noticed that her son had lost weight which she thought was unusual for a two year old boy.

[REDACTED] stated that by this time [REDACTED] had moved to Iowa with her two year old son Kyrian and they were planning on renting an apartment together. [REDACTED] stated that [REDACTED] had been back with her in Iowa for approximately two weeks at which time she suggested that they [REDACTED] drop their boys ([REDACTED]) back off with her father so they could concentrate on finding an apartment and employment. [REDACTED] related she had a phone conversation with Kamel regarding looking after the boys which Kamel agreed to.

[REDACTED] related that she had originally approached Kamel about watching the boys for approximately two weeks but admitted the boys ended up being under Kamel's care longer than the agreed upon timeframe. [REDACTED] explained that she would regularly have contact with her father either through phone conversations or text messages at which time she would receive updates on the boys. [REDACTED] knew that Kamel's live-in girlfriend [REDACTED] was not pleased with the addition of Kyrian and [REDACTED] to their living arrangement at the apartment. [REDACTED] explained that [REDACTED] had told her ([REDACTED]) that she was upset about the arrangements because she had not been consulted prior to taking on both boys. [REDACTED] also knew that [REDACTED] had a three year old of her own and was told by Kamel on occasion that "money was tight".

[REDACTED] related that on the 19th of August, she and [REDACTED] drove to Rockford and dropped both boys off with Kamel and left \$60.00 (\$30.00 each) with Kamel for any incidentals. After leaving the boys, [REDACTED] related they drove to Chicago for the weekend and visited with a friend, [REDACTED]

██████████ who lived in the area of Washington and Central Park. Upon leaving Chicago, ██████████ explained that they drove back to Rockford and picked up Kamel as he (Kamel) needed a ride to donate plasma in Beloit Wisconsin. ██████████ related they drove Kamel to the plasma facility and waited there so they could drive Kamel back home. ██████████ explained that they dropped Kamel off at his apartment but did not go inside as they did not want to upset the boys if they ██████████ and Kyrian) were to see their mothers. After dropping off Kamel, they returned to Iowa.

██████████ explained that sometime in early September, she was informed by ██████████ that Kyrian had dropped Kamel's cellular phone in water and the phone was not functioning properly. As a result of this ██████████ explained that most of their contact was through ██████████ on her cellular phone (██████████). ██████████ related that it was around this same time frame that their communications with ██████████ and Kamel diminished and they would occasionally go several days without any updates.

██████████ related that she recalled speaking with Kamel on 05-Sep-2015 at which time she specifically asked him (Kamel) about Kyrian. ██████████ explained she recalled the specific date because it was the Saturday of the Labor Day weekend and that she inquired about Kyrian's injuries from his fall. ██████████ stated that Kamel informed her that Kyrian was doing well and that his injuries had healed. ██████████ related that she recalled this conversation occurring in the late evening hours. ██████████ further stated that she recalled receiving a text message from Kamel a few days prior to the aforementioned conversation. ██████████ proceeded to state that Kamel sent her a text message inquiring when ██████████ was planning on picking up Kyrian. ██████████ related that the text message was still on her phone which she had provided to the Rockford Police.

██████████ explained that on the morning of the 17th of September, she had provided ██████████ with ██████████ cellular phone number. ██████████ explained that she and ██████████ had intended on traveling to Rockford the following day to pick up ██████████ and Kyrian and bring them back to Iowa. ██████████ stated that ██████████ had informed her that she had attempted to communicate with ██████████ about their plans and was advised by ██████████ that she (██████████) should speak to her father (Kamel).

██████████ related that she subsequently spoke with Kamel at approximately 1700 hours when Kamel called her cellular phone. ██████████ informed Kamel that they (██████████) were planning on picking up the boys at which time Kamel responded that he no longer had Kyrian. Kamel explained that approximately three weeks ago, ██████████ had sent family members to Rockford to pick up Kyrian and that he (Kamel) had given Kyrian to these family members. ██████████ recalled becoming hysterical following which the phone conversation ended.

Before ██████████ was able to tell ██████████ about her conversation with her father, ██████████ received a phone call from a male caller who identified himself as a Rockford Police Officer. After the officer ascertained her identity he asked to speak to ██████████. ██████████ related that she passed the phone to ██████████ at which time the officer inquired if ██████████ knew the whereabouts of her son. ██████████ explained that this was the first time that ██████████ had been informed that her child was missing and ██████████ became hysterical. ██████████ related that she and ██████████ immediately left Iowa and traveled to the Rockford Police Department and spoke with Detectives handling the case.

On 18-Sep-2015, at approximately 2023 hours, the Reporting Detectives relocated with Rockford Police to ██████████ in Rockford Illinois. Once at the apartment, the Reporting Detectives met with ██████████ and her two sons ██████████ (M/1/20) and ██████████ (M/1/16) and asked if they would consent to relocate to the Rockford Public Safety Building

to assist in the furtherance of the investigation. [REDACTED], [REDACTED] and [REDACTED] all agreed to accompany the Reporting Detectives to the Rockford Public Safety Building. It should be noted that [REDACTED] (M/1/3) was also present in the residence and was transported with his mother [REDACTED]. The Reporting Detectives, in conjunction with Rockford Police Department provided all four family members' transportation to the Rockford Police Department. Once in the Public Safety Building, all four were placed in the lobby area of the Detective Division as there were toys for [REDACTED] to play with during their stay at the station. The Reporting Detectives provided [REDACTED] and [REDACTED] each with a bottle of water and a bag of potato chips.

On 18-Sept-2015 at 2115 hours, Reporting Detectives interviewed [REDACTED] at the Rockford Public Safety Building. The following is a summary of the interview.

[REDACTED] related that she grew up in Chicago and that she moved to Rockford approximately sixteen years ago. [REDACTED] related that she was raised on the south side of Chicago and that she subsequently ended up in foster care in the Hyde Park area. [REDACTED] related that she had met Kamel Harris at a gas station in Rockford approximately three years ago. [REDACTED] related that she and Kamel are both unemployed and that they rely on public assistance. [REDACTED] related that she is currently attending classes to get her GED at Goodwill which is located in Rockford. [REDACTED] related that she attends classes on Monday through Thursday from 1200-1500 hours. [REDACTED] related that she customarily walks to and from her classes because she and Kamel do not own a vehicle. [REDACTED] related that the Goodwill is approximately one mile away from her residence and it takes her approximately fifteen minutes to walk. [REDACTED] related that her son, [REDACTED], had been staying with family members in Elgin, Illinois and that he recently moved back home sometime in the middle of August. [REDACTED] related that on several occasions she and Kamel would drive [REDACTED] Chevrolet Camaro.

[REDACTED] related that Kamel's daughter, [REDACTED], resides in Cedar Rapids, Iowa and that she had dropped her two year old son, [REDACTED], off at their residence in June. [REDACTED] related that [REDACTED] stayed from early June to sometime in late July or early August 2015. [REDACTED] stated that [REDACTED] picked up [REDACTED] and took him back to Iowa. [REDACTED] related that at that time [REDACTED] was having difficulty in her domestic relationship with her boyfriend and that she had been looking for an apartment. [REDACTED] related that she did not mind caring for [REDACTED] because she considered him to be "family."

[REDACTED] stated that approximately one week after [REDACTED] picked up [REDACTED], she overheard a conversation that Kamel had on his cellular phone. [REDACTED] recalled hearing this conversation sometime in early August 2015. [REDACTED] related that Kamel was talking on the phone while he was in the kitchen inside their apartment. [REDACTED] related that she heard Kamel making arrangements for two children to stay at their residence without consulting her. [REDACTED] related that she subsequently learned that Kamel was speaking on the phone with [REDACTED]. [REDACTED] related that

she was upset that Kamel did not speak with her before he consented to take care of the two children. [REDACTED] related that after the call was terminated she confronted Kamel who proceeded to inform her that he had agreed to take care of his grandson, [REDACTED] in addition to [REDACTED] friend's two year old son. Kamel told her that it would only be two weeks and that he would possibly be paid. [REDACTED] stated that she was irate, because her family is not fiscally sound and she felt that this would be a significant burden. [REDACTED] further stated that she informed Kamel that she did not plan on helping him with the two children because he had not respected her enough to speak with her about the matter before consenting. [REDACTED] related that their relationship had already been tumultuous and this caused more strain on their relationship.

[REDACTED] related that within days of this conversation, [REDACTED] and her friend, [REDACTED] arrived at their residence and stayed for less than five minutes. [REDACTED] related that this was the first time that she met [REDACTED]. [REDACTED] related that [REDACTED] and [REDACTED] had informed her that they were driving to Chicago and spending the night before they returned to Iowa. [REDACTED] related that [REDACTED] son, [REDACTED] stayed at her residence for approximately two to three weeks. [REDACTED] related that during the time period when Kyrian was at the residence, her relationship with Kamel deteriorated and that they barely spoke with each other. [REDACTED] related that she did not help Kamel with the children because she believed that he needed to learn from his mistake and that she wanted Kamel to call [REDACTED] and tell her to come and pick up the children.

[REDACTED] related that she had difficulty remembering Kyrian's name so she referred to him as "Lil Baby." Approximately one week after Kyrian arrived at their residence he fell down the rear stairs and sustained a contusion on his forehead and a swollen eye. [REDACTED] related that he was treated with cocoa butter and given Ibuprofen. [REDACTED] related that Kyrian appeared fine and did not require medical attention. [REDACTED] related that Kamel had informed her that he told [REDACTED] about the accident but she was uncertain if [REDACTED] had been informed.

[REDACTED] related that on Thursday, August 27th she returned home at approximately 1515 hours, after attending her GED class. [REDACTED] related that when she arrived at her residence, no one was at home. [REDACTED] related that shortly after she arrived, she looked out of the south window and observed Kamel pushing the stroller toward their residence. [REDACTED] stated that she observed her son, [REDACTED], walking next to the stroller and that she believed that [REDACTED] and Kyrian were both in the stroller. When asked if she saw both boys in the stroller, [REDACTED] replied "no" and proceeded to state that she assumed Kyrian was in the stroller. [REDACTED] related that she also observed a maroon SUV parked in the parking lot. [REDACTED] related that she had never seen this vehicle before and she did not see anyone in or near the SUV. Approximately one to two minutes later, Kamel entered the apartment with [REDACTED] and [REDACTED]. [REDACTED] inquired where Kyrian was at which time Kamel replied that he went with "his people." Kamel proceeded to retrieve Kyrian's bag containing his belongings and exited the apartment. Kamel returned to the apartment approximately five to ten minutes later. [REDACTED] related that they never talked about Kyrian leaving because his stay had been a source of contention. [REDACTED] related that she believed that Kamel's reference to "his people" meant that family members of Kyrian had picked him up.

[REDACTED] related that she would only answer calls on her cellular phone from phone numbers that she recognized. [REDACTED] related that when she received a phone call from an unknown phone number she would pass the phone to Kamel. Kamel would look at the screen at which time he would usually choose to not answer the call. [REDACTED] related that Kamel had damaged his phone approximately one week ago and since that time he customarily used her phone. [REDACTED] recalled in the past week seeing several incoming calls from the area code of 319. [REDACTED] recalled

showing Kamel the phone screen at which time Kamel declined to answer the call. [REDACTED] related that she believed Kamel's brother also had a 319 area code and that she was not surprised that he did not answer the calls because they were involved in some type of a dispute.

On 17-Sep-2015, [REDACTED] related that she received a text message from an unknown phone number in which the person identified themselves as [REDACTED]. [REDACTED] related that to her knowledge this was the first time that [REDACTED] had contacted her or Kamel. [REDACTED] explained that she believed all the communications in regards to [REDACTED] and Kyrian went through [REDACTED]. [REDACTED] related that in the text message, [REDACTED] was inquiring about Kyrian. [REDACTED] related that she was at her GED class at the time and that she responded in some manner relating that she was confused and that she would have Kamel contact her. [REDACTED] related that after her class concluded for the day she returned home and that she told Kamel about the text message communication that she received from [REDACTED]. [REDACTED] related that she subsequently left her phone on the phone charger and left the residence. [REDACTED] related that she went to the auto supply store with her son, [REDACTED], and when she returned home the police were at her residence. [REDACTED] denied having any further conversations with Kamel about the text message communication with [REDACTED]. Reporting Detectives asked [REDACTED] if she could look at her phone in an attempt to gather further details in regard to the aforementioned text message. [REDACTED] related that after she received and viewed the text message on her phone, the battery had drained and the phone shut down. [REDACTED] related that after she charged the phone and turned it back on the text message had been inadvertently deleted.

[REDACTED] related that she recently visited Chicago on two occasions. [REDACTED] recalled visiting Chicago on 31-Aug-2015. [REDACTED] related that they left Chicago in the early morning hours of 01-Sep-2015 sometime around 0300 hours. [REDACTED] related that they drove a short distance before stopping. [REDACTED] related that they had smoked marijuana and that they were too tired to drive so they stopped at a truck stop and parked in the parking lot at a Shell Gas station in an unknown location. They slept in the car in the parking lot for approximately two hours before continuing home. [REDACTED] related that they returned home to Rockford just prior to [REDACTED] leaving for school. [REDACTED] recalled going to her GED class that day and [REDACTED] had to complete a test relative to a job offer.

[REDACTED] recalled driving to Chicago a second time, on 06-Sep-2015. [REDACTED] recalled driving to Chicago with Kamel in [REDACTED] Camaro in an attempt to borrow money from family members for payment of their rent. [REDACTED] related that Kamel had dropped her off on Monroe Street where she met up with her mother, [REDACTED]. [REDACTED] stated that she attended a meeting of the Women of Grace (2208 West Monroe Street) while Kamel visited his family members. After the meeting, her mother's sponsor dropped her and her mother off at her mother's residence in the area of Ogden and St. Louis. [REDACTED] related that Kamel arrived at her mother's residence sometime around 2100 hours and they spent the night at [REDACTED] apartment. [REDACTED] related that she was able to get a few dollars from her mother and that Kamel was able to borrow around \$200.00 from unknown family members. [REDACTED] related that they drove back to Rockford in the early morning

hours on the 07-Sep-2015.

██████████ related she recalled Kamel traveling to Chicago by himself on 15-Sep-2015. ██████████ related that sometime in the afternoon on the 15th, Kamel donated plasma at the CSO in South Beloit. ██████████ explained that Kamel donated plasma twice a week in which he received fifty dollars. ██████████ related that occasionally after Kamel obtained money from the plasma donation he would proceed to drive ██████████ Camaro to Chicago. ██████████ related that Kamel had traveled to Chicago by himself and he returned home sometime in the late hours of 15-Sep-2015 or the early morning hours of 16-Sep-2015 after she had fallen asleep for the night. ██████████ related that prior to 31-Aug-2015 she had not been to Chicago in approximately one year. ██████████ explained that she was not close with her family and that she did not socialize or communicate with Kamel's family. ██████████ denied that she or Kamel had an I-Pass and related that they customarily paid cash for the tolls. ██████████ further stated that on the rare occasion when they failed to pay the toll they would reimburse ██████████ with cash. ██████████ explained that ██████████ did not have an I-Pass, but he was able pay the fees for the tolls that they failed to pay on-line.

Detectives Nanninga and Kennedy then spoke with ██████████ in an interview room just around the corner from the lobby area. The following is a summary of the interview.

██████████ explained he is the oldest of ██████████ sons and that he currently resides in the Ford Street apartment. ██████████ related that approximately seven months ago, he moved in with his Aunt ██████████ who lived at ██████████ in Elgin, Illinois. While living in Elgin, ██████████ related he worked at ██████████ and would drive his 1996 Chevrolet Camaro to and from work. In late July 2015, ██████████ called ██████████ and asked for help in moving them to their new apartment at ██████████ which he agreed to do. On 01-Aug-2015, ██████████ drove back to Rockford and helped move ██████████ Kamel Harris, his two brothers into the ██████████ apartment. After the move, ██████████ related he returned to Elgin until approximately the 19th or 20th of August when his aunt asked him to move out. ██████████ related that his aunt was having financial difficulties and could no longer properly care for him. As a result of this, ██████████ explained he moved back in with his mother at the ██████████ apartment. Once home, ██████████ explained he was the only person in the residence with a vehicle so he frequently lent out the Camaro to Kamel and his mother.

██████████ related that sometime in late August he attended a job fair and returned home around 1700 hours to find Kyrian absent. ██████████ related he asked his mother (██████████) about Kyrian at which time she (██████████) informed ██████████ that "his people had picked him up". ██████████ explained that he knew that to mean that family members of Kyrian had picked him up and taken him home. ██████████ explained he was expecting this to happen at some point during the summer months so he (██████████) thought nothing of it and didn't inquire any further.

[REDACTED] related sometime in late August, he returned home to find his mother there with Kamel, [REDACTED], [REDACTED], [REDACTED] and Kyrian. [REDACTED] related he went into his room after a brief conversation with [REDACTED] about the job fair. On 18-Sep-2015, Rockford Detective Tapia spoke with [REDACTED] in the lobby of the Rockford Public Safety Building. [REDACTED] related the following in summary.

[REDACTED] identified herself as [REDACTED] and that she had learned from Facebook and a conversation she had with [REDACTED] that Kyrian had been missing for a month. [REDACTED] proceeded to relate that that was not possible based on her phone conversations she had with her [REDACTED] and her sister [REDACTED]. [REDACTED] stated that she spoke with [REDACTED] on 11-Sep-2015 and that she believed that she heard three children's voices in the background. [REDACTED] further recalled that a week earlier Kamel talked about Kyrian visiting and she heard Kamel yelling at Kyrian to stop and not do whatever he was doing. Kamel related that he heard [REDACTED] tell [REDACTED] to stop in reference to the confrontational language.

[REDACTED] passed the phone to [REDACTED] who proceeded to pass the phone to Kamel. Kamel related that he spoke to a female on the phone who called him Mr. Harris. Kamel related that the female never identified herself, but he believed that it was Kyrian's mother. Kamel stated that he was overwhelmed, losing weight, and not sleeping. Kamel related that [REDACTED] would not touch him and they were not sleeping together. Kamel related that [REDACTED] told him not to take Kyrian and that at first he believed that based on [REDACTED] reaction, she may have thought that Kyrian was his biological son. Kamel subsequently realized that [REDACTED] did not want to deal with other children. Kamel related that by him bringing the two children into the residence he was "draining" from [REDACTED]. Kamel explained that they had to share their food with two extra people. Kamel related that he did not have any of these issues before he met [REDACTED] and that he felt like he had won the lottery when [REDACTED] and [REDACTED] came and picked up Kyrian.

Kamel related that he did not call [REDACTED] and ask her to come and pick up the children because he had failed her in the past and he did not want to appear weak. Kamel related that he considered going to a shelter or into a program in an effort to get out of [REDACTED] house so that he could keep Kyrian. Kamel related that feeding two extra mouths was stressing [REDACTED] out. Kamel related that [REDACTED] would not watch the children and she did not understand why Kyrian was there. Kamel related that there was so much commotion and that the three two year olds had taken over the bed and the cartoon station was always on and that it was taking a toll. Kamel related that he was hoping that [REDACTED] would be "standup" and come get the children. Kamel related that after Kyrian left he felt like a slave who just got released. Kamel related that after Kyrian left, everything went back to normal. Kamel related that after Kyrian was gone, [REDACTED] would take one of the children and he would take care of the second child.

Kamel related that he recently visited Chicago on several occasions. Kamel recalled visiting Chicago on 15-Sep-2015, after he went to the blood bank. Reporting Detectives inquired if Kamel recalled [REDACTED] recently attending a job fair at which time Kamel responded that he did not recall.

Kamel related that the initial arrangement he had with [REDACTED] was that he would have Kyrian and [REDACTED] for two weeks. Kamel related that [REDACTED] subsequently asked him if he could keep Kyrian and Isaiah for a longer time period. Kamel related that on Thursday, 17-Sep-2015, [REDACTED] told him on the phone that she and [REDACTED] were coming that weekend to get [REDACTED] and Kyrian. Kamel related that this phone call might have been the first time he spoke with [REDACTED] after [REDACTED] picked up Kyrian. Kamel stated that [REDACTED] might have called one time to check on Kyrian's wellbeing after Kyrian fell. Kamel recalled a conversation in which he informed [REDACTED] that the swelling had gone down and that Kyrian appeared fine.

Kamel related that he did not have enough "in him" to do something when he met [REDACTED] and [REDACTED] and that he was relieved to relinquish Kyrian to [REDACTED] and [REDACTED] care. Kamel related that he did not need the burden of watching Kyrian which was getting in the way of his life. Kamel related that they had just moved from a house to an apartment, [REDACTED] had started school and he was in the process of returning to school. Kamel related he was doing more for Kyrian than [REDACTED] was. Kamel related that he had a longer conversation with [REDACTED] and that he asked more questions than [REDACTED] did when she dropped off Kyrian. Kamel related that he was hungry, exhausted, did not have a problem with the children, but he was just tired and he gave the burden up. Kamel related that after he gave the baby away, his shoulder and back stopped hurting and [REDACTED] started having sexual relations with him again.

Kamel related that on 17-Sep-2015, he had been asleep when [REDACTED] told him that [REDACTED] was on the phone. Kamel related that he spoke with [REDACTED] on [REDACTED] phone. After [REDACTED] had informed him that the persons who picked up Kyrian were not authorized to come and get him, he continued to speak with [REDACTED] as he picked up his Boost phone. Detective M. Kennedy #20102

Investigation:

The Reporting Detectives had knowledge of the battery report detailing the physical fight between Kamel Harris and [REDACTED]. Upon reviewing the Original Case Incident Report detailing this occurrence, the Reporting Detectives learned that on 15-Sep-2015 at approximately 2240 hours, Kamel Harris entered the 015th District and claimed to have been the victim of a battery. Kamel named the offender as [REDACTED] and explained they got into a verbal argument regarding [REDACTED] incarceration following which [REDACTED] struck Harris about the right side of his head with a closed fist. Kamel refused medical attention and was assigned a case report number of HY-425009. The Reporting Detectives had made several attempts to locate [REDACTED] but all efforts were met with negative results.

On 09-Jun-2016, the Reporting Detective was informed that [REDACTED] was in custody in the 011th District for possessing a stolen vehicle as well as other related traffic charges. The Reporting Detective relocated to 3151 W. Harrison Street and escorted [REDACTED] from Lock-Up to the second floor Detective Bureau, Interview Room A. The Reporting Detective explained to [REDACTED] the intent of the interview was regarding the Kyrian Knox case and not his current charges. The Reporting Detective explained that the interview would have no bearing on his current case following which [REDACTED] related he understood. The below is a summary of the interview and should not be taken verbatim.

[REDACTED] related [REDACTED] Kamel Harris and explained that they used to be very close. [REDACTED] claimed that [REDACTED] was responsible for introducing him [REDACTED] to selling narcotics and being an active gang member. [REDACTED] related that [REDACTED] and when Kamel went to jail in the early 1990's, [REDACTED] would frequently write Kamel, keeping Kamel informed as to his family and the gang life. In 1992, Kamel's mother died while he was still incarcerated. [REDACTED] explained that he wrote several letters of sympathy to Kamel as he was very close with his maternal mother.

In 2002, [REDACTED] related he was in Federal custody on a gun running charge during which time he was also charged with murder for a shooting which occurred in Chicago (RD# [REDACTED]). [REDACTED] explained he stood trial for the murder and was subsequently found guilty and sentenced to 26 years. [REDACTED] related that during the trial, [REDACTED] (IR# [REDACTED]) testified on behalf of the States Attorney's Office, regarding [REDACTED] participation in the murder.

While in IDOC, [REDACTED] explained that Kamel did not write or communicate with him as he [REDACTED] had done for Kamel. [REDACTED] explained that he was upset about this and didn't speak with Kamel for a long period of time during his incarceration. [REDACTED] related that while being housed in his final penal institution (Dixon, Illinois) he spoke with Kamel over the phone on several occasions. [REDACTED] explained that at that time, Kamel was residing in Rockford with his girlfriend [REDACTED] and [REDACTED] knew they had a child together. [REDACTED] related that Kamel would frequently pass the phone to [REDACTED] and as a result of this [REDACTED] spent most of the time talking with [REDACTED].

After his release from IDOC (13-Jul-2014), [REDACTED] related he was paroled to [REDACTED] where [REDACTED] resided. [REDACTED] explained it took 3-4 days for his Parole Officer to visit and

secure his Electronic Monitoring ankle bracelet so he was able to temporarily move freely. During this time frame, [REDACTED] observed Kamel and [REDACTED] visiting other family members on the 5700 block of West Fulton at which time [REDACTED] spoke with them both. [REDACTED] related that the subject of their conversation was general in nature as they caught up with the family. [REDACTED] was aware at the time that [REDACTED] and Kamel had a child in common named [REDACTED] but he had never met or seen the child.

A brief period of time later that day, [REDACTED] had relocated to another family address at [REDACTED] where he again briefly observed/spoke with Kamel and [REDACTED] in the basement of that address but Kamel and [REDACTED] spent most of their visit on the upper floors of the house speaking with other people.

The next occasion [REDACTED] had to speak with Kamel was 15-Sep-2015 on the 5700 block of West Fulton. [REDACTED] related that Kamel was alone visiting family on the block but also present was [REDACTED]. [REDACTED] explained that [REDACTED] is considered "family" even though he is not a blood relative. At approximately 2230 hours, [REDACTED] explained that Kamel had said something that upset him at which time [REDACTED] began to express his frustration with Kamel and his (Kamel's) lack of communication while [REDACTED] was incarcerated. [REDACTED] explained the argument quickly escalated and they began to fight. [REDACTED] claimed to have beaten up Kamel following which Kamel left the scene. BACK, Robert-ISP Micro/Trace Evidence
BARRERA, Joseph-CPD Area North Evidence Coordinator

INVESTIGATION:

On 09-Sep-2015 the Reporting Detectives reported to the Illinois State Police Crime Laboratory located at 1941 W. Roosevelt for the purpose of participating in a Major Case Review. During the meeting, the Reporting Detectives updated the attendees with the course of the investigation and a brief synopsis of the evidence recovered on the 5th and 6th of September. Following this brief, the recommendation was made that the Illinois State Police Crime Laboratory would be responsible for identifying the possible offender(s) by analyzing the plastic bags and barbell weights for DNA and latent prints. It was also recommended that the DNA Analysis Laboratory of the FBI be responsible for identifying the body parts by submitting a profile into their three databanks, CODIS, Missing and Endangered Children and Family Members of Missing or Endangered Children. ISP DNA Supervisor Tracy Bogard related that the FBI DNA Laboratory would also be able to analysis Mitochondrial DNA, testing which ISP was unable to conduct.

ISP Latent Supervisors Edwards and Konrath suggested their Laboratory re-attempt to print both sets of hands and feet of the child in an attempt to obtain a major set of lifts in the event it's needed during the investigation. As a result of this Evidence Coordinator Barrera prepared and submitted an Evidence Submission Form requesting the transfer of the two hands and feet from the Medical Examiners Officer to ISP. Tracy Bogard also provided the Reporting Detectives with contact information for the FBI DNA Analysis Laboratory.

On 10-Sep-2015, Detective Kennedy spoke with FBI DNA Forensic Examiner Tiffany Smith who agreed to accept the appendages for testing and analysis. Forensic Examiner Smith related that upon generating a DNA profile from either the hands or feet, she would be able to submit that profile into CODIS, Missing or Endangered Children and Family of Missing or Endangered Children in an attempt to identify the child or a family member of the child. Forensic Investigator Smith also related that with a profile from an appendage, her Laboratory would be able to conduct a direct comparison to the DNA of a possible parent or next of kin. Smith explained that upon receipt of a buccal swab from the child's potential mother or father, it could be determined if the child was from their lineage which would assist in the identification portion of the investigation. Smith also related that the FBI Laboratory could further analysis Nucleus and Mitochondrial DNA. Smith explained that Mitochondrial DNA is inherited solely from the mother (maternally) which enables them to trace the maternal lineage.

On 10-Sep-2015 at approximately 1530 hours, the Reporting Detective met with Chicago Police Evidence Evaluation coordinator Lorri Lewis at Homan Square (3340 W. Fillmore) and witnessed the packaging of the DNA cards of the two hands and feet taken by the Medical Examiner's Office during the post mortem examination. Lewis also packaged the pulled hair follicles extracted from the recovered head. Above items were all packaged separately within a Styrofoam container then checked out of ERPS by Detective Kennedy. The Reporting Detective then hand carried the container to the FedEx retail store located at 1 S. Sangamon, Chicago, IL and overnighted the box to the FBI in Quantico Virginia (2501 Investigation Parkway, Quantico, VA). FedEx assigned a transaction number of 860119836133 to the package.

On 11-Sep-2015, the Reporting Detective received a conformation of receipt from intake personnel at the FBI Laboratory and the evidence was assigned an internal case identification number of 301-HQ-6677351.

On 11-Sep-2015, Chief Medical Examiner Doctor Cina approved the release of the hands and feet to the Chicago Police Department. At approximately 1100 hours, Evidence Technician Anthony Beam arrived at the Medical Examiner's Office and took custody of the hands and feet. E.T. transported the appendages to the Illinois State Police Crime Laboratory for further testing and analysis. Latent Laboratory Technician Jamie Edwards was assigned to obtaining a major set of lifts, a procedure that was estimated to take 5-7 working days.

On 17-Sep-2015, Kamel Harris contacted the Rockford Police Department and reported Kyrian Knox missing. On 18-Sep-2015, the Reporting Detectives responded to Rockford Police Department and interviewed several person(s) involved in the missing including the child's mother, [REDACTED]. It should be noted that a summation of said interviews are documented in an additional Progress Supplementary Report. On 18-Sep-2015, [REDACTED] consented to a buccal swab which was inventoried (Inv# 13534585). On 21-Sep-2015 at approximately 1645 hours, the Buccal of [REDACTED] was checked out and hand carried to the FedEx Office located at 3435 N. Western Ave. Same buccal was overnighted (Trans #860120336291) to the FBI DNA Laboratory for the purpose of conducting a direct comparison to the samples previously received from missing.

On 08-Oct-2015, FBI DNA Analysis Technician Davis contacted the Reporting Detective and related that the nuclear DNA examination had resulted in an "inconclusive" reading in comparison to the DNA profile created from the hair follicles of missing to Lanisha Knox. It was then recommended the biological father be swabbed to better conclude the identity of missing.

On 13-Oct-2015, the Reporting Detectives located and obtained a buccal swab from [REDACTED] which is the subject of an additional Progress Supplementary Report. On 13-Oct-2015, the Reporting Detectives FedEx the buccal which was assigned a transaction number of 860121499924 from the facility located at 3435 N. Western to the FBI in Virginia.

On 03-Nov-2015, at approximately 1415 hours, the Reporting Detective received a phone call from FBI Technician Charity Davis who related that upon comparing both DNA profiles from [REDACTED] and [REDACTED] buccal swabs to the profile from separated appendages that a match had been confirmed.

On 04-Nov-2015 at approximately 1500 hours, Detectives Kennedy and Nanninga notified [REDACTED] that the parts recovered in the Lagoon belonged to her missing son Kyrian Knox. At approximately 1900 hours, the Reporting Detectives notified the father [REDACTED] of the findings.

It should be noted that numerous other Laboratory Reports have been received by the Illinois State Police Forensic Service and will be the subject of Supplementary Reports.

This is an ongoing investigation with reports to follow.

INVESTIGATION:

In furtherance of Rockford Police Department's initial investigation into the missing of Kyrian Knox (M/1/2), Officer J. Lake located the 1996 Chevrolet Camaro in the parking lot adjacent [REDACTED] in Rockford Illinois. The vehicle owner, [REDACTED] had previously signed a consent to search form following which Officer Lake had the Camaro relocated by Haas Towing to the South Second Street impound garage where the vehicle was secured indoors. For a more complete account, refer to Rockford Police Department Report No. 15-1180058.4.

On 04-Dec-2015, Detective Kennedy prepared and presented a search warrant (SW2015-8317) to the Honorable Judge Calabrese, requesting the search and seizure of the above Camaro. On 04-Dec-2015 at approximately 2130 hours, the Reporting Detective presented the signed Search Warrant to the Rockford Police Department following which the Camaro was transferred to the custody of the Chicago Police Department. The Reporting Detective then followed the tow truck and Camaro, as it was relocated from Rockford to CPD Pound #4, located at 5555 W. Grand Avenue in Chicago. Once at Pound #4, the Camaro was secured inside Bay 1 for further processing.

On 05-Dec-2015 at approximately 1600 hours, the Reporting Detectives met Forensic Investigator Niewdach at Pound #4 following which the Camaro was digitally photographed. For a more complete list of evidence collected as well as photographs taken refer to Crime Scene Processing Report 289932.

The Reporting Detectives made the below observations relative to the Camaro and its content. The Camaro was a two door sports car, blue in color, with a rear hatchback. Affixed to the rear bumper was an Illinois Temporary License plate of [REDACTED]. Both the front driver and passenger side seats were capable of folding forward upon releasing a black lever affixed to the base of each seat, providing access to the rear seat. The front and rear seats were grey in color, similar to the interior carpeting. Between the front driver and passenger seat was a black center console which housed the gear shift and a small covered compartment area. The vehicle was absent of any floor mats in the front or rear floorboards.

Upon opening the rear hatch to the Camaro, the Reporting Detectives observed a large empty "Resolve Easy Clean" carpet cleaner box lying on top of a pair of Converse canvass gym shoes, a small cooler and a Wilson basketball. Also found in this area was a red plastic mop handle with yellow trigger which was pictured on the outside of the Resolve Easy Clean cardboard box. Several collapsible metal rods that attached to the base of the Resolve carpet cleaning system were also located on the floor of the trunk as well as pictured on the box.

A white plastic tube with large cap and label around its handle was observed on the driver's side rear floor. A white and blue trimmed "Extra Firm" bed pillow was noted on the rear driver's seat covered in a white pillow case.

On the passenger side of the center console was a red stain, approximately 2 inches in length which appeared to be dried blood. An additional red stain was also noted in the center of the back seat

and a larger red stain was observed on the passenger side floorboard. Swabs of each red stain were collected.

An unknown stain was observed on the floor of the driver side close to the transmission hump. An unknown substance was observed on the driver's side rocker panel and on the exterior side of the driver's side door. Additional unknown stains were located on the floor next to the front passenger seat, just below the lever that releases the seat back rearward. An unknown substance was also noted in close proximity to the seat belt anchor on the front passenger seat.

In an attempt to locate any additional blood not clearly visible, F/I Niewdach then utilized Blue Star reagent by spraying the trunk area and rear and front compartments of the Camaro. With the interior lights off to Pound #4, several areas within the car irradiated following being sprayed with Blue Star agent. Positive indicators were visible upon areas on the trunk liner, the rear passenger and driver's seat bottoms as well as the front passenger seat back and bottom. The aforementioned red stains as well as additional unknown stains reacted at varying levels to the reagent, providing a positive indicator for blood.

As a result of this testing, both rear seat bottoms (passenger/driver's) were removed as well as the front passenger seat. Upon removing the front passenger seat, an additional unknown stain was observed on the floor under the seat.

Upon completing the processing of the Camaro, the vehicle was subsequently transported to Pound #2 (10300 S. Doty).

The Reporting Detectives subsequently submitted a request to the Illinois State Police Forensic Laboratory for further testing and analysis of the above evidence, the results will be the subject of additional Progress Supplementary Reports.

This is an ongoing investigation with reports to follow.

Manner / Motive:

Kamel Harris killed Kyrian Knox, dismembered his body and scattered the remains in the lagoon / Anger and Concealment of a Crime.

Investigation:

The investigation revealed that Kyrian Harris, a two-year old child had been left in the custodial care of Kamel Harris and [REDACTED] at their residence in Rockford, Illinois on 19-Aug-2015. Sometime during the last week of August 2015 was the last time that Kyrian Knox was seen in the care of Kamel Harris or [REDACTED]. Knox's remains were discovered dismembered in the Garfield Park Lagoon on 05-Sep-2015. Harris and [REDACTED] failed to report the child as missing until 17-Sep-2015 at which time Harris and [REDACTED] provided false information to the police regarding the circumstances of the child's departure from their care. The investigation revealed that Kyrian Knox was transported to Chicago in a 1996 Camaro (VIN# 2G1FP22K7T2139103) by Harris and [REDACTED] on about 31-Aug-2015. An Illinois toll violation was issued to the Camaro on 31-Aug-2015 at 18:04:04 at NWT-RIVRR-53 which is located at the Jane Adams Tollway at River Road. Forensic analysis of the Camaro revealed blood/DNA of Kyrian Knox was located inside the vehicle. A cellular phone analysis revealed that Foggs' phone on 31-Aug-2015 transmitted in close proximity to the lagoon.

The investigation subsequently revealed that Kamel Harris confessed that he killed Kyrian Knox after he "snapped" because the child had been crying. Additionally, Harris had told a witness that [REDACTED] was present when he killed Knox.

[REDACTED] was placed under arrest on 13-Nov-2015 at her residence and transported to Area North by Detective Dyra and Officer Sullivan.

The text message from [REDACTED] relayed that [REDACTED] wanted to speak with Kyrian. [REDACTED] related that she was confused by the message because Kyrian had previously been picked up from her residence. [REDACTED] related that she had been at school at the time and that she remained there until 1445 hours when class had concluded at which time [REDACTED] returned home and told Kamel about her communications with [REDACTED]. [REDACTED] related that the only time that Kyrian sustained an injury during their visit was when Kyrian fell down the rear stairs at the apartment building where they reside. [REDACTED] related that she was uncertain of what caused Kyrian to fall because she was at the top of the stairs at the time. [REDACTED] related that Kyrian's injuries were minor and that [REDACTED] told Kamel to treat Kyrian with Ibuprofen. [REDACTED] related that Kyrian did not sustain any type of laceration, nor was he bleeding. [REDACTED] denied

having any knowledge if [REDACTED] or [REDACTED] had provided Harris with any type of public aid or money. [REDACTED] denied having knowledge if Kyrian had allergies, although she was aware that Kyrian drank Almond Milk.

[REDACTED] related that she was aware that [REDACTED] and [REDACTED] had spoken to the police and the States Attorney. [REDACTED] related that she was aware of [REDACTED] statements, but insisted that they were confused. Reporting Detectives asked [REDACTED] if she would consent to take a polygraph. [REDACTED] related that she had not been truthful and proceeded to state that when she left to go to school Kyrian was at their residence. [REDACTED] recalled Kamel calling her and telling her that something was not right and he told her to come home. [REDACTED] related that when she arrived home from school, no one was there. [REDACTED] related that a short time later, Kamel returned home with [REDACTED] and [REDACTED]. [REDACTED] related that Kamel proceeded to inform her that two individuals, known only as ' [REDACTED] ' and ' [REDACTED] ' arrived in Rockford and picked up Kyrian. Interview terminated at 0742 hours.

INVESTIGATION:

On 01-Jul-2016, the Reporting Detectives were contacted by Rockford Police Detective Amy Kennedy who related there was a [REDACTED] who had information regarding the murder of Kyrian Knox. Detective Kennedy explained she had received a letter from [REDACTED] explaining he [REDACTED] had information regarding the death of a baby that was disposed of in a lagoon in Chicago. On 02-Jul-2016, the Reporting Detectives and ASA Jamie Dickler relocated to [REDACTED] and spoke with Rockford Police Detective Amy Kennedy. The below is a summary of the interview and should not be taken verbatim.

Rockford Detective A. Kennedy:

Detective Kennedy related that upon [REDACTED]
[REDACTED] and spoke with him [REDACTED]
[REDACTED]

During their conversation, [REDACTED] related to Detective Kennedy that he [REDACTED] had more than one conversation with Kamel Harris during which Kamel admitted to killing a child he was caring for. Kamel had explained that the mother of the child owed money to Kamel and had left the child with him (Kamel) for a longer period of time than agreed upon. [REDACTED] related that Kamel "snapped" following which the child was lying lifeless on the floor of his apartment. [REDACTED] recalled Kamel explaining that he transported the remains to Chicago and disposed of the remains in a Lagoon on the west side of Chicago.

[REDACTED] explained that he was unaware of any small child being disposed of in a lagoon in Chicago [REDACTED] related his Aunt had heard about this occurrence on the news but did not provide much more detail. It should

be noted that the Reporting Detectives requested the phone calls made by [REDACTED] which were consistent with [REDACTED] account (Inv# 13819137).

Upon receiving a summation of the conversation, Detective Kennedy [REDACTED] Having detailed knowledge of the Kyrian Knox investigation, Detective Kennedy immediately contacted the Reporting Detectives.

Rockford Detective Kennedy also informed the Reporting Detective that [REDACTED] had also [REDACTED] and related he similarly had information regarding a crime that had occurred in Chicago. Detective Kennedy explained that Rockford Detective Gully had briefly interviewed [REDACTED] at which time [REDACTED] explained he had had several conversations with [REDACTED] Kamel Harris regarding the killing of a baby. The Reporting Detectives made arrangements to interview both [REDACTED] and [REDACTED] on 02-Jul-2016.

On 02-Jul-2016, the Reporting Detectives relocated to [REDACTED] to interview [REDACTED] and [REDACTED] in the company of ASA Dickler. The Reporting Detectives spoke with [REDACTED] initially then [REDACTED] Both interviews were conducted in [REDACTED]

[REDACTED] explained that he was providing the below information because he was upset with what Kamel Harris had told him ([REDACTED]) and wanted to provide this information to law enforcement. The below is a summary of the interview and should not be taken verbatim.

[REDACTED] recalled a conversation, [REDACTED] with Kamel Harris which occurred [REDACTED] During this conversation, Kamel stated that he (Kamel) had killed that baby that they had found "chopped-up" in the lagoon in Chicago. Kamel explained that the child's mother had been "put out" of her house and as result of this living situation, her child, now identified as Kyrian Knox, was temporarily living with Kamel. Kamel related that Kyrian Knox's mother was friends with [REDACTED] Kyrians' mother had initially given him (Kamel) money and had stated she would give Kamel more money at a later date. Kamel explained that Kyrian had lived with him for approximately two weeks and Kyrian's mother, now known as [REDACTED] had not given him any more money. Kamel explained this made him very angry. Kamel related that he received a phone call from [REDACTED] during which time [REDACTED] stated she was going to come pick up Kyrian. Kamel explained that he told [REDACTED] she could not pick up Kyrian unless she paid him the money she had promised.

Kamel also related to [REDACTED] that Kyrian could not eat dairy products and on one occasion Kamel gave Kyrian an item containing dairy following which Kyrian began to cry. Kamel explained he then "snapped" over Kyrian crying in conjunction with [REDACTED] not paying Kamel his money owed.

Following this conversation with [REDACTED] Kamel related to [REDACTED] that he snapped. Kamel explained that he then found Kyrian lying on the floor.

After killing Kyrian, Kamel explained he tried to pick up Kyrian but found the child unresponsive. Kamel related that [REDACTED] was in the apartment when he "snapped" but his step-son was not as he had left for school. Kamel related that [REDACTED] attempted to revive Kyrian with negative results. Kamel then explained he called an unknown person referred to as only [REDACTED] or [REDACTED] who relocated to the apartment and observed Kyrian. Kamel related he decided he needed to get rid of the body so they transported Kyrian to an abandoned building in Chicago. Kamel related to [REDACTED] that [REDACTED] lived in an abandoned building in Chicago. After leaving the abandoned building they put the baby in a Lagoon in Chicago.

After leaving Chicago, Kamel returned to Rockford at which time [REDACTED] son returned from school and observed a food bag Kamel had brought back from Chicago. Kamel related that [REDACTED] commented to Kamel that he (Kamel) had been to Chicago as he [REDACTED] recognized the bag to be from a restaurant from Chicago. Kamel also explained that after he learned that [REDACTED] son had spoken with the police, he (Kamel), [REDACTED] and the unknown [REDACTED] all threatened [REDACTED] that he better change his story to the Grand Jury or he [REDACTED] (son) will come up missing like the baby.

Kamel related he was not concerned with [REDACTED] cooperating with law enforcement as she knows [REDACTED] father would kill her.

Kamel continued by telling [REDACTED] that the police had his Camaro and that he also owned a Jeep Cherokee but Kamel sold the Jeep to get money to pay for [REDACTED] attorney [REDACTED].

On [REDACTED] [REDACTED] related he had a subsequent conversation with Kamel at which time [REDACTED] asked if he (Kamel) really killed that child at which time Kamel said yes. Kamel related that it happened so fast that he did not even know it happened. Kamel related he "snapped out" and next thing he knew the child was on the floor. Kamel expounded by relating he took the child to Chicago and disposed of the body in a lagoon to throw the police off and deflect any attention towards them in Rockford. Kamel also explained that he (Kamel) took the child to Chicago as there were lots of abandoned building versus Rockford and he knew where a sharp instrument was to "get the job done". Kamel related he (Kamel) had dismembered the child. Kamel explained that he specifically removed the child's head so that the police would not be able to identify the baby and that the child would decompose so that law enforcement would not be able to get fingerprints. After the dismemberment, Kamel related he burned his clothes.

[REDACTED]

At approximately 1800 hours, the Reporting Detectives introduced ASA Jamie Dickler to [REDACTED] at which time ASA Dickler identified herself as an Assistant States Attorney and not an attorney representing anyone involved in this case. ASA Dickler then asked if [REDACTED] would agree to speak with her following which [REDACTED] consented. [REDACTED] then related a similar occurrence as previously reported to the Reporting Detectives. ASA Dickler then inquired if [REDACTED] would consent to having his statement further memorialized. [REDACTED] related he would and consented to having his statement videotaped. On [REDACTED] at approximately 1640 hours, ASA Jamie Dickler memorialized [REDACTED] statement on ERI in the presence of Detective M. Nanninga.

The Reporting Detectives then spoke with [REDACTED] the below is a summary of the discussion and should not be taken verbatim. Upon meeting [REDACTED] the Reporting Detectives identified themselves as Detectives from the Chicago Police Department [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] related he has had more than one conversation with Kamel regarding Kamel killing a little boy. [REDACTED] recalled that the first conversation was in [REDACTED] During this conversation, Kamel had stated that he had killed a small child named Kyrian. Kamel explained that he had "snapped out" and killed the little boy. Kamel expounded by relating [REDACTED] had a friend who had been "put out" of her home in Nebraska and this girl had a baby. Kamel explained that he had told [REDACTED] that they could come and stay with him in Rockford. Kamel related that [REDACTED] friend, now known as [REDACTED] dropped off Kyrian with Kamel and gave him \$20.00. Kamel related that [REDACTED] now known as [REDACTED] arranged a form of payment program with [REDACTED] as [REDACTED] got on her feet.

During Kyrian's stay, Kamel related he had attempted to clarify with [REDACTED] or [REDACTED] specifics regarding Kyrian's diet. Kamel's concern was that he was told that Kyrian was allergic to dairy products and that he would frequently make the kids grilled cheese sandwiches for their meals. Kamel related to [REDACTED] that while Kyrian was in his care he was unsure if Kyrian was allergic to dairy products or just lactose intolerant. Kamel related to [REDACTED] that he wanted to clarify this with Kyrian's mother. Kamel related that during this period of time, [REDACTED] was not communicating with Kamel as well as not sending him any money. Kamel explained to [REDACTED] that he did not have the money to support everyone in his apartment as he (Kamel) had several children of his own, living with him. Kamel related to [REDACTED] that he told [REDACTED] he would not give Kyrian back to her until she ([REDACTED]) pays him the money he is owed.

Kamel then explained to [REDACTED] that shortly after [REDACTED] had left the apartment he "snapped" and he (Kamel) killed Kyrian. Kamel then explained that after he killed Kyrian he took the body to Chicago to dispose of the remains. Kamel related to [REDACTED] that he took the remains to the Garfield Park area which is where he (Kamel) grew-up. Kamel explained to [REDACTED] that he went to an abandoned building and located [REDACTED] who assisted him in disposing the body in the lagoon. Kamel related he chopped up the body of Kyrian prior to disposing it in the lagoon.

Following the above occurrence, Kamel then related he returned to Rockford.

[REDACTED] then recalled a second conversation he had with Kamel which occurred [REDACTED]. [REDACTED] explained that during this conversation, Kamel was concerned with a statement [REDACTED] had made to the police. Kamel related he had made a mistake and returned to Rockford with a food bag from Chicago which [REDACTED] recognized. Kamel related [REDACTED] was aware that Kyrian was alive when he left that but when he return, Kyrian was not present in the apartment. Kamel explained that because [REDACTED] recognized the Jimmy polish food bag, he [REDACTED] began to inquire if he (Kamel) had been to Chicago. Kamel then explained to [REDACTED] that he and the [REDACTED] began to threaten [REDACTED] to not testify at the Grand Jury and to change what he ([REDACTED]) had told the police. Kamel related to [REDACTED] that he (Kamel) told his [REDACTED] that if he continued to cooperate with law enforcement, he ([REDACTED]) would end up just like Kyrian.

Kamel further explained to [REDACTED] that they decided to dispose of Kyrian in Chicago as they (Chicago Police Department) would not "care" as much verse if they disposed of Kyrian in Rockford, the police department would be much more active in locating the killer. Kamel informed [REDACTED] that he (Kamel) owned a Jeep and a Camaro which the police had secured but he (Kamel) was not concerned with law enforcement finding anything in either vehicle. Kamel also explained that the police had searched his (Kamel's) home and found nothing. Kamel explained the police returned one of the vehicles but he (Kamel) sold it as it reminded him of what had happened. Kamel related there are several cameras located on a nearby senior living facility [REDACTED] which he (Kamel) was not concerned with the police viewing anything of value.

Kamel then reiterated to [REDACTED] that he (Kamel) and [REDACTED] took the body to Chicago to dispose of the remains and Kamel believed that by separating Kyrian's head from the body would be a way of concealing the identity of the remains. Kamel also explained that if the finger prints of the child were not found, identifying the body would be difficult. Kamel then explained to [REDACTED] that [REDACTED] assisted in disposing of the remains and [REDACTED] also threatened [REDACTED] to remain quite or he would kill her. Kamel informed [REDACTED] that [REDACTED]

[REDACTED] then explained he had a third conversation with Kamel which occurred on the same day

[REDACTED]

[REDACTED]

[REDACTED] concluded by explaining he has never spoken to [REDACTED] about Kamel or the conversation he [REDACTED] has had with Kamel.

On [REDACTED] at approximately 1900 hours, the Reporting Detectives introduced ASA Jamie Dickler to [REDACTED] at which time ASA Dickler identified herself as an Assistant States Attorney and not an attorney representing anyone involved in this case. ASA Dickler then asked if [REDACTED] would agree to speak with her following which [REDACTED] consented. [REDACTED] then related a similar occurrence as documented in summary above following which [REDACTED] was asked if he would consent to having his statement further memorialized. [REDACTED] related he would and consented to having his statement videotaped. On [REDACTED] at approximately 1955 hours, ASA Jamie Dickler memorialized [REDACTED] statement on ERI in the presence of Detective M. Kennedy.

On [REDACTED] Rockford Detective Kennedy contacted the Reporting Detective and related an [REDACTED] has come forward with information regarding Kamel Harris.

On [REDACTED] the Reporting Detectives interviewed [REDACTED] at [REDACTED] the below is a summary of the interview. Upon meeting [REDACTED] the Reporting Detectives identified themselves as Detectives from the Chicago Police Department and that his statement would have no bearing on his current case or any pending cases. [REDACTED] related he understood and wanted to speak with Detectives.

[REDACTED] related first met Kamel Harris [REDACTED]

[REDACTED] overheard a conversation between [REDACTED] and Kamel Harris. [REDACTED] explained that [REDACTED] and Kamel were having this conversation in [REDACTED]

[REDACTED] related he heard Kamel Harris explain to [REDACTED] that he (Kamel) had "snapped" following which Kamel went to get someone else to help him with the child. [REDACTED] also heard Kamel explaining to [REDACTED] that he (Kamel) had threatened another child not to talk or get into trouble. Kamel had talked about travelling on several occasions between Rockford and Chicago during which time Kamel referenced some pictures (NFI). Towards the end of this conversation, [REDACTED] explained he left [REDACTED] with Kamel Harris following which [REDACTED] left the area.

[REDACTED]

On a subsequent occasion, [REDACTED] overheard another conversation between Kamel Harris and [REDACTED] who was from Chicago. During this conversation, Kamel spoke about the west side of Chicago and the fact that his (Kamel's) [REDACTED] lived in an abandoned building on the west side.

At approximately 1430 hours, the Reporting Detectives introduced ASA Jamie Dickler to [REDACTED] at which time ASA Dickler identified herself as an Assistant States Attorney and not an attorney representing anyone involved in this case. ASA Dickler then asked if [REDACTED] would agree to speak with her following which [REDACTED] consented. [REDACTED] then related a similar occurrence as documented in summary above following which [REDACTED] was asked if he would consent to having his statement further memorialized. 13-Jun-2017-3340 W. Fillmore Street (Homan Square)PRESENT FOR INTERVIEW:
Detective M. Kennedy #20247INVESTIGATION:
On 23-Mar-2017, the Reporting Detective was informed that [REDACTED] was in custody in the 011th District on an unrelated case. The Reporting Detective relocated to 011th District and

escorted [REDACTED] to the second floor of the building and placed him in an interview room. The Reporting Detective found [REDACTED] in an apparent impaired state which resulted in [REDACTED] difficulty in carrying a conversation. The Reporting Detective identified himself and explained the purpose of the interview was to further investigate the murder and dismemberment of Kyrian Knox. The Reporting Detective explained that nothing he [REDACTED] said would have any bearing on the current case he was in custody for, following which [REDACTED] explained he understood. The below is a summary of the interview and should not be taken verbatim.

[REDACTED]

The Reporting Detective then drove to Area North where [REDACTED] was placed in a conference room of the Detective Bureau. At approximately 2100 hours, the Reporting Detective contacted Felony Review and briefed them on the investigation. At approximately 2145 hours, ASA Loretta Froelich responded to Area North and was provided a synopsis of the investigation. On 13-Jun-2017 at approximately 2215 hours, ASA Froelich introduced herself to [REDACTED] as an Assistant States Attorney and not an attorney for anyone involved in this case. ASA Froelich asked if [REDACTED] would consent to speak with her which he [REDACTED] answered affirmatively. [REDACTED] then related a similar set of events as documented above. At the conclusion of the oral interview, the Reporting Detective asked if [REDACTED] would further consent to memorializing his statement on video or in a hand written form. [REDACTED] consented to an E.R.I. format to memorialize his statement following which at 1140 hours, ASA Froelich conducted and E.R.I. interview with [REDACTED]. Also present for the E.R.I. statement was the Reporting Detective. [REDACTED] again re-iterated a similar account as documented above.

On 31-Jul-2017, the Reporting Detective presented two warrants to search and seize the vacant buildings at 3918 and 3926 W. Grenshaw. It should be noted that 3916 W. Grenshaw had been demolished as it was deemed structurally hazardous by the City of Chicago. Judge Luckman reviewed the warrants and signed both warrants. On 31-Jul-2017, the Reporting Detectives executed both warrants with the assistance of K9 Officer Poremba #4323 and her cadaver dog "Brix". After making entry into both abandoned buildings, the Reporting Detectives ensured the dwellings were vacant of any squatters following which "Brix" conducted a systematic search of both buildings.

The building located at 3926 W. Grenshaw was a brick two flat with a full basement. The building appeared to be in a partial state of rehabilitation with water damage on the first and basement floors. "Brix" made three indications while searching 3926 W. Grenshaw. Cadaver dog "Brix" did not make any indications in 3918 W. Grenshaw.

The first indicator in 3926 W. Grenshaw was in the basement along the front (Grenshaw side) interior wall. The second was in the third floor hallway by a ventilation return and the third positive hit was in the back yard by a large tree growing along the east lot line. The Reporting Detectives did not observe anything of evidentiary value along the south basement wall that would be consistent with a crime scene. A further examination of the second floor return revealed 21 clear baggies each filled with suspect cannabis, a large plastic bag containing several other smaller bags each filled with suspect heroin and \$1965.00 in miscellaneous denominations of USC. Said items were recovered and inventoried in Area North under Inventory #13971843, 13971853 and 13971878.

On 01-Aug-2017, the Reporting Detectives had the back yard of the building cleared by Streets and Sanitation following which the area where "Brix" had provided a positive indicator the day prior was then searched. The Reporting Detective recovered several items that appeared to be bones at which time the Medical Examiner was notified. Medical Examiner Keefe #74 and Doctor Escobar responded to the scene and recommended the apparent bones be brought into the Medical Examiners Office for further analysis.

On 07-Aug-2017 at approximately 1000 hours, the Reporting Detectives delivered the suspect bones to the Medical Examiner's Office at which time Investigator Keefe and Doctor Escobar accepted the bones and created an additional ME number of 2017-03654 (JA-373893). Doctor Escobar explained that the case would be turned over to Doctor Arunkumar for further analysis.

On 08-Aug-2017, the Reporting Detective was informed that the recovered bones were not from a human.

This is an ongoing investigation with reports to follow.

Discipline(s): DNA

FBI Laboratory Evidence Designator(s):

Item 1 DNA sample from left hand of unknown deceased (Inv No 13525276)

Item 5 Head hair sample from unknown deceased (Inv No 13524429)

The items listed above were subjected to nuclear deoxyribonucleic acid (DNA) typing using short tandem repeats (STRs).¹

RESULTS OF NUCLEAR DNA EXAMINATIONS:**Item 5 (Head Hair)**

A mixture of male DNA² was obtained from item 5 and may be suitable for future comparisons.

The Y-STR typing results from item 5 indicate the presence of DNA from two or more males. Major and minor contributors to the DNA can be discerned and are suitable for comparison purposes.

1 - Detective Sgt. Gregory P. Wolf
Gary Police Department
555 Polk Street
Gary, IN 46402

UNCLASSIFIED

Item 1 (Sample of left hand)

Item 1 is consistent with originating from a single male individual and is suitable for comparison purposes.

The STR typing results from item 1 were compared to the STR typing results from item 1 [REDACTED] [previously reported under FBI Laboratory Number 2015-02087-2, FBI Case ID 301-HQ-6677351, in the report dated October 14, 2015].

Item 1 [REDACTED] was identified by the incoming communication from the contributor as the biological mother of the missing person, KYRIAN KNOX.

Based on the STR typing results,³ and the comparison of item 1 to item 1 [REDACTED], the combined kinship indices are approximately:

370 in the African American population

510 in the Caucasian population

2,200 in the Southeastern Hispanic population

4,800 in the Southwestern Hispanic population

The DNA profile obtained from item 1 is at least 370 times more likely if item 1 is from the son of item 1 [REDACTED] than if item 1 is from someone unrelated to this individual. Therefore, item 1 cannot be excluded⁴ as having originated from KYRIAN KNOX. Further testing from at least one additional relative (preferably the father or full sibling) is recommended to support this conclusion.

The STR typing results from item 1 were compared to the STR typing results from items 2 [REDACTED] and 3 [REDACTED] [previously reported under FBI Laboratory Number 2015-02059-2, FBI Case ID 301-HQ-6679911, in the report dated October 14, 2015].

Items 2 [REDACTED] and 3 [REDACTED] were identified by the incoming communication from the contributor as the biological grandfather and mother, respectively, of the missing person, [REDACTED]

Based on the STR typing results,³ and the comparison of item 1 to items 2 [REDACTED] and 3 [REDACTED], the combined kinship indices are approximately:

0.50 in the African American population

0.31 in the Caucasian population

0.34 in the Southeastern Hispanic population

0.22 in the Southwestern Hispanic population

The DNA profile obtained from item 1 is at least 0.22 times more likely if item 1 is from the grandson of item 2 [REDACTED] and son of item 3 [REDACTED] than if item 1 is from someone unrelated to these individuals. Therefore, it is unlikely⁵ that item 1 originated from [REDACTED]

Database Entry Information:

The DNA results for item 1 will be entered into the Unidentified Human Remains Index of the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other nuclear DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

¹ The amelogenin locus is used for sex determination. The AmpFSTR® Yfiler™ PCR Amplification Kit includes the Y-STR loci DYS456, DYS389I, DYS390, DYS389II, DYS458, DYS19, DYS385a/b, DYS393, DYS391, DYS439, DYS635, DYS392, Y_GATA_H4, DYS437, DYS438 and DYS448. These Y-STR loci are located on the male Y-chromosome and are transmitted through a paternal lineage from father to son. Barring mutation, all males in the same paternal lineage have the same Y-STR typing results. A paternal lineage consists of those male relatives to whom the same Y-chromosome has been transmitted from a common ancestor. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence. Due to the differences in type, quality, and/or quantity, samples may not be amplified using every kit.

² The presence of male DNA in a mixture may limit the ability to determine if female DNA is also present in that mixture.

³ Not all loci at which amplification is attempted will yield interpretable results; a statistical estimate (combined kinship index) has been based on loci with conclusive typing results for which allelic frequency data is available. The combined kinship index is a likelihood ratio, which is the ratio of the probability of observing the given DNA profiles if the proposed relationships are true and the probability of observing the given DNA profiles if unrelated randomly selected people are the true relatives of the individual represented by the item in question.

⁴ The relationships cannot be excluded as true when the lowest combined kinship index from the tested populations is between 100 and 999.

⁵ Relatedness is unlikely when the lowest combined kinship index from the tested populations is less than one.

Item 5 Head hair sample from unknown deceased (Inv No 13524429)

The item listed above was subjected to mitochondrial deoxyribonucleic acid (mtDNA) typing.¹

RESULTS OF MITOCHONDRIAL DNA EXAMINATIONS:

The mtDNA typing results from item 5 were compared to the mtDNA typing results from item 3 [REDACTED] identified as the biological mother of missing person, [REDACTED] [REDACTED] [concurrently reported under FBI Laboratory Number 2015-02059-4, FBI Case ID 301-HQ-6679911, in the report dated October 14, 2015] and from item 1 [REDACTED], identified as the biological mother of missing person, KYRIAN KNOX, [concurrently reported under FBI Laboratory Number 2015-02087-3, FBI Case ID 301-HQ-6677351, in the report dated October 14, 2015].

A mitochondrial DNA sequence was obtained from item 5.

1- Gary, IN Police Department
555 Polk Street
Gary, IN 46402

UNCLASSIFIED

The mtDNA sequence obtained from item 5 is the same as the mtDNA sequence obtained from item 1 [REDACTED], with the exception of position 235. At this position, the presence of an adenine (A) was observed in item 5. In item 1 [REDACTED], evidence of both an adenine (A) and a guanine (G) was characterized at position 235. Since the sequences obtained are concordant, KYRIAN KNOX cannot be excluded as the source of item 5.

Searching the CODIS mtDNA population database (CODIS 7.0, containing 10,629 individuals, searching positions 16024-576),² the mtDNA sequence obtained from items 5 and 1 [REDACTED] (including both nucleotides A and G, at position 235) has been observed as follows:

Population Group	Number of Observations	Number of Profiles in Population Group	Upper Bound Frequency Estimate
African-American	5	2449	0.43%
US Caucasian	0	2609	0.11%
US Hispanic	1	2576	0.18%

In addition to the population groups listed in the table, the population database search included a search of mtDNA sequences from individuals from China - unspecified region (168), China - Hong Kong (376), Japan (302), Korea (281), US Asian (645), Vietnam (187), US Native American (1036), with no observation of the queried sequence in these groups. The numbers in parentheses indicate the number of individuals in each population group.

The population database table above has been included to indicate how common or rare a sequence is expected to be in the general population. The upper bound frequency estimate is based on a 95% confidence interval and gives an estimate of the highest percentage of individuals in each population group expected to have the same profile as items 5 and 1 [REDACTED]. Calculation of the upper bound frequency estimate is directly dependent upon the number of profiles in the population group; larger population group sizes will provide more refined upper bound frequency estimates.

Mitochondrial DNA profiles were placed into population groups within the database based on self-identification by the donor. A searched profile may or may not appear in the population database or it may be observed within multiple groups in the database. Therefore, mtDNA cannot be used to identify the population group to which an individual belongs.

The mtDNA sequence obtained from item 5 is different than the sequence obtained from item 3 [REDACTED]. Therefore, [REDACTED] is excluded as the source of item 5.

Database Entry Information:

The DNA results for item 5 will be entered into the Unidentified Human Remains Index of the Combined DNA Index System (CODIS) because a complete set of remains have not been recovered to date. These results will be maintained by the FBI Laboratory for possible future comparisons.

No other mitochondrial DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

¹ DNA is extracted from each sample, and portions of the control region of the mtDNA are amplified using the polymerase chain reaction (PCR). The amplified regions are sequenced using fluorescent dye-labeled chemistry. The sequences obtained are aligned and compared to the rCRS. Differences between the sample sequence and the rCRS are noted by nucleotide position and DNA base. The annotated profiles for all of the samples are then compared. Matching profiles may be searched against the CODIS mtDNA population database to provide an upper bound frequency estimate.

Mitochondrial DNA cannot be used to conclusively identify an individual because mtDNA is maternally inherited and all maternally-related individuals are expected to have the same mtDNA profile. Also, unrelated individuals may have the same mtDNA profile within the sequenced range.

The following interpretations are possible for sequence comparisons:

CANNOT EXCLUDE: If samples have the same sequence, or are concordant (share a common DNA base at every nucleotide position, including at least one common length variant), they cannot be excluded as coming from the same source or maternal lineage.

INCONCLUSIVE: If sample sequences differ at a single nucleotide position or if they do not share a common length variant, no conclusion can be reached as to whether they originate from the same source. If sample sequences differ at a single nucleotide position and do not share a common length variant, the interpretation is also inconclusive.

EXCLUSION: If sample sequences differ at two or more nucleotide positions, exclusive of length variant differences, they can be excluded as coming from the same source.

² The range of sequence positions included in a database search is the one obtained in common for the samples.

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

¹ The AmpFSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. Item 1 Buccal sample from [REDACTED]

The item listed above was subjected to nuclear deoxyribonucleic acid (DNA) typing using short tandem repeats (STRs).¹

RESULTS OF NUCLEAR DNA EXAMINATIONS:

The STR typing results from item 1 [REDACTED] were compared to the STR typing results from item 1 [previously reported under FBI Laboratory Number 2015-01980-3, FBI Case ID 301-HQ-6643409, in the report dated October 14, 2015] and item 1 (L. KNOX) [previously reported under FBI Laboratory Number 2015-02087-2, FBI Case ID 301-HQ-6677351, in the report dated October 14, 2015].

Items 1 [REDACTED] and 1 [REDACTED] were identified by the incoming communication from the contributor as the biological parents of the missing person, KYRIAN KNOX.

Based on the STR typing results,² and the comparison of item 1 to items 1 [REDACTED] and 1 [REDACTED], the combined kinship indices are approximately:

- 230 billion in the African American population
- 2.5 trillion in the Caucasian population
- 6.3 trillion in the Southeastern Hispanic population
- 14 trillion in the Southwestern Hispanic population

UNCLASSIFIED

UNCLASSIFIED

The DNA profile obtained from item 1 is at least 230 billion times more likely if item 1 is from the son of items 1 [REDACTED] and 1 [REDACTED] than if item 1 is from someone unrelated to these individuals. These results provide strong evidence³ that item 1 originated from KYRIAN KNOX.

Database Entry Information:

The DNA results obtained from the tested item are not eligible for entry into the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other nuclear DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

² Not all loci at which amplification is attempted will yield interpretable results; a statistical estimate (combined kinship index) has been based on loci with conclusive typing results for which allelic frequency data is available. The combined kinship index is a likelihood ratio, which is the ratio of the probability of observing the given DNA profiles if the proposed relationships are true and the probability of observing the given DNA profiles if unrelated randomly selected people are the true relatives of the individual represented by the item in question.

³ The combined kinship indices provide strong evidence of relatedness when the results in all of the tested populations are greater than 100,000.

INCIDENT NARRATIVE

(The facts for probable cause to arrest AND to substantiate the charges include, but are not limited to, the following)

EVENT#13693- THE ABOVE WAS A WRIT FROM THE WINNEBAGO COUNTY JAIL. THE ABOVE SUBJECT WAS ARRESTED AFTER BEING IDENTIFIED AS ONE OF THE CUSTODIAL PARENTS RESPONSIBLE FOR THE CARE OF A TWO YEAR OLD CHILD, KYRIAN KNOX, WHO WAS LEFT AT HIS RESIDENCE IN ROCKFORD, ILLINOIS. KNOX'S REMAINS WERE DISCOVERED DISMEMBERED IN THE GARFIELD PARK LAGOON ON 05-SEP-2015. HARRIS FAILED TO REPORT THE CHILD AS MISSING UNTIL 17-SEP-2015 AT WHICH TIME HARRIS PROVIDED FALSE INFORMATION TO THE POLICE REGARDING THE CIRCUMSTANCES OF THE CHILD'S DISAPPEARANCE FROM HIS CARE. THE INVESTIGATION REVEALED THAT KYRIAN KNOX WAS TRANSPORTED TO CHICAGO IN A 1996 CAMARO (VIN# 2G1FP22K7T2139103) BY HARRIS ON ABOUT 31-AUG-2015. FORENSIC ANALYSIS OF THE CAMARO REVEALED BLOOD/DNA OF KYRIAN KNOX LOCATED INSIDE THE VEHICLE. THE INVESTIGATION FURTHER REVEALED THAT HARRIS HAD CONFESSED TO WITNESSES THAT HE KILLED AND SUBSEQUENTLY DISMEMBERED KYRIAN KNOX. NAME CHECK CLEAR FOR WARRANTS, PAROLE AND PROBATION PROGRAMS.

SUPPLEMENTAL REPORT

OFFENSE Death Investigation

VICTIM Kyrian Knox

The following evidence was received by the Forensic Science Center at Chicago on February 10, 2016:

Inventory# 13586819

EXHIBIT DESCRIPTION

14A Swabs from right side of center console

RESULTS

DNA from Exhibit 14A was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin. A mixture of human

DNA profiles was identified in Exhibit 14A which was interpreted as a mixture of at least three people. The exact number of contributors to this mixture could not be determined. This mixture is potentially incomplete and not suitable for comparisons.

CHICAGO PD UNIT 630

Laboratory Case #C15-027370 -2- November 19, 2015

RESULTS

DNA from Exhibits 8A, 9A1 and 10B1 was amplified using the Polymerase Chain Reaction (PCR) and profiled at the following loci: D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, FGA, and Amelogenin. Quantitative PCR indicates there is insufficient human DNA in Exhibits 7A, 9B1 and 10A1 for AmpFISTR Identifiler Plus STR analysis. Exhibits 7A, 9B1 and 10A1 were not profiled. A low level human male DNA profile was identified in Exhibit 8A at the Amelogenin locus that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons. No human DNA profile was identified in Exhibit 9A1. A low level human male DNA profile was identified in Exhibit 10B1 at the D8S1179, D3S1358, TH01, D19S433, and Amelogenin loci that was interpreted as being contributed by at least one person. The exact number of contributors to this DNA profile could not be determined. This low level DNA profile is potentially incomplete and not suitable for comparisons.
